## YOUR ASSIGNMENT: *Get Your Ass in Gear* by Joseph W. Bean

When there is a major gay event in your community, who's the one person who can be counted on to see that leatherfolk have a place in the program? When your local leather community has a major event, who's the guy who will "obviously" be in charge from day one? When the local newspaper equates SM with domestic violence or physical assault, who's sure to write a letter to the editor to set the record straight about SM and consent? And who's the leathersexual who will get into the colleges and universities in your area as a guest lecturer, who will talk about SM at safe sex and AIDS forums, who will talk for and about leathersex just about anywhere, who will go to the front line in defense of your personal liberty and your lifestyle?

Chances are, in most communities, these are the jobs left to the leather titleholders. But, stop! Even if there were ten times more leather titleholders than there are they would not be enough people to correct every misconception about us, to address every potentially interested group, to educate people about leather, SM, fetishes, and radical sex in every available forum.

Come on. Up and at it, guys. No matter how many people in your community may own studded leather sashes, if you're not doing your part, then part of the job is not being done. If you are unwilling or believe yourself to be unable to put your passion on the line in defense of, for the sake of, and as an example of our leather lifestyles and the freedom to live and love in leather ways, then you are a battle-front where our enemies win a foregone victory.

Granted, not every leatherman has the experience or the inner resources for every public confrontation. Also, many more opportunities really are open to titleholders than to the rest of us. But on the scale you can manage, in the circles where you can get attention, you *can* do something to turn the tide of reactionary conservatism that is tearing away at our right to privacy, our basic liberties, and our capacity to "follow our bliss" wherever it leads us.

From the simple act of refusing to listen quietly when misinformation about SM is shared around the water cooler in

your office, to challenging national politicians on questions of gay and leather civil rights, there are hundreds of degrees of possible involvement, and some of them definitely are open to you. In fact, some of the opportunities for action are custom-made for you, invisible or inaccessible to anyone else.

You might be thinking something like: "Yeah, easy for you to say, Joseph. You've got an international soapbox to bellow from, being the editor of *Drummer* and all." Bullshit! The work I do in the community led me to being the editor of *Drummer*. It was not, and probably could not have been, the other way around. Besides, I know lots of people who are not "automatically" in the spotlight for any reason, but they put themselves there and get things done. One woman friend, a historian and archivist, is making a presentation at City College here about gay and lesbian issues, and because of who she is, a section on leather sexuality has been added to the program. Another friend who is actually very new to the leather community, has been invited to join more experienced friends in another adult education project in a nearby city.

My own public activism on behalf of leather sexuality probably began with insinuating leather language into things I was writing and editing many years ago. That was then, and this is now. The options for action are different now, and the need for every one of us to take action is far more urgent. Which poses the question of what is possible for you to do *now*.

In the past two months at QSM (a local SM educational business), I have taught a technique class on flogging, a session on the spiritual implications of flogging, the second of two classes called "Intro to SM," and made a presentation on SM as religious practice. During this same period, a couple dozen other people taught QSM classes too. Chances are very good that there is some area of leather experience in which you would be a good instructor (even if it has to be a panel situation where you represent the novice still seeking to get a foothold in the leather community). And, if you're not up to teaching, there are lots of chances to participate in such classes as a helper, researcher, or otherwise.

Same two-month period: At San Francisco State University, I presented a demonstration and lecture on bondage for a residence hall (dorm) on campus. It was sexual awareness month, and there were presentations by students, professors, University staffers, and many other people from the off-campus community about their kinds of sexuality. Besides the official speakers, there were involvement opportunities for lots of other people to participate in panels and demonstrations—four friends participated in my

bondage demos. Also at State, every semester a number of people—myself included—present introductions to SM in the Human Sexuality classes. Again, the more experienced people are the official speakers, often with less experienced people helping out in the demos, or by answering questions. You could be doing this.

And, just days ago, The Coalition for Healthy Sex (a gathering of sex club operators and AIDS educators) sponsored a Carnal Carnival, a sex party with safer sex educational aspects. Throughout the event, for several hours, there were presentations about safe sex, including leathersex, on a stage there. I did a whipping, others did bondage or whatever. Again, both presenters and demo helpers were required... more opportunities you could have used.

My involvement in these presentations was not predicated on the fact that I am working for *Drummer*, and none of them would have been unlikely to happen if I had some other job.

It is not a matter of having a certain kind of job or not. It is not a matter of finding yourself thrust into the public eye. It is a matter of *priorities* and understanding the *need* for greater community involvement and broader educational opportunities. It isn't a matter of me or you being so particularly well qualified to do these things. It is simply that there are things that must be done, and the people who are willing to get out and do them will become very good at doing them eventually. Meantime, it is better that there is someone speaking up, someone presenting demonstrations, someone teaching, someone showing up in leather at gay functions, someone taking publications and politicians and broadcasters to task when they misrepresent or attack leather men and women.

Somewhere in your city or town or village there are people who need to hear from a living, breathing practitioner of leathersex. Somewhere in driving distance of your home are opportunities to demystify, educate, demonstrate, and exemplify... everywhere you go, there are opportunities to act on behalf of the rights of leatherfolk and to increase the world's understanding of us.

If you find that you *are* willing to act, but still don't see the opportunities, get in touch with one of those titleholders we were talking about earlier. Maybe they could use help with a fund-raiser, or they know about a hot line that needs operators. Maybe they have a demonstration scheduled for which they need additional bottoms or question answerers. Do whatever is possible for you, and other possibilities will come along. The world, after all, runs on the maxim "If you want a job done now and done right, give it to a busy person." *Get busy.*

# MALE CALL

## AN INSPIRATION TO US ALL

To all of you at *Drummer*—I want to thank you for all the years of entertainment that you gave me and David Newton, my lover, my son, my best friend of 15 years. I lost David to AIDS on August 4, 1990.

*Drummer* published two pages of his 'bear' drawings in 119 and a cigar smoking stud in an earlier issue. They were two of his proudest moments, and *mine too*. He was always inspired by the *Drummer* artists, and the rest of the magazine got us both "inspired."

What I want to say to you and your readers is this: If you have a Good Man, Top or bottom, fight to keep him. Fight the outside influences that seem to be the biggest enemies of a relationship. Learn your man. Learn that there are times when he needs to be alone, and times when he needs all the encouragement you can give—even times for a good swift kick in the butt.

Don't get me wrong, the hurt is still there... little things, like making a pot of coffee and knowing I'm going to throw half of it out.

I am very lucky though. I have had great support from my Family. So don't misunderstand, I am not writing this because I feel sorry for myself. I want you to know how great a good relationship can be. And, now, not being under any pressure to hurry, I will start looking for a special person to share what I have to offer. As soon as I can get some new photos made, I'll be sending snaps of this ole Grizzly Bear in for Tough Customers.

Thanks for letting me bend your ear. I'm looking forward to many more years of *Drummer* entertainment.

Bob, Austin TX

## THE SILENT MAJORITY SPEAKS

It seems as though it is about time to renew the subscription to *Drummer*. Since I have every issue from #1 (in excellent condition), I do not want to miss any...

There are sufficient numbers of us out here who quietly and respectfully appreciate what you are doing. It is unfortunate you do not hear from us often enough. Maybe we do not always agree with you, but that's why they make vanilla and chocolate ice cream. We are all, fortunately, just a bit different. Please continue the good work. There are those of us who quietly respect you!!

In full black leather and high, heavy boots,

Ron, Wilmington DE

I'm a Leather Fraternity member, and... I've just received my first copy of *Drummer* and enjoyed it very much! Please, keep it up! You are doing a great job!!

Jim A, Sydney, Australia

## SERIOUS CONCERN

I don't know whether to phrase this as a letter or an article. I feel like speaking directly to you (AFD), to let you know how upset I am, but I also wish that I could reach a somewhat wider audience, possibly counter-acting some of the damage that's been done. I leave that decision up to you.

What's gotten me so riled up? Knowing me, you should have no doubts. That story in #149 by R. Jackson. It contained two images of 'gay' men—one a 'child molester,' the other a rapist and marine. My dick has never been so limp. I think it's criminal that you would run such a depiction of 'child molestation.' Don't

we get enough of that sort of crap from the government, from every two-bit preacher, from the sensationalist media? The 'child molesters' I know are kind and gentle people who would never do a thing to harm a child. Can't you get it through your thick heads that 'pedophilia' is a *love* of children? And all the intergenerational sex I grew up with (and that I hear about from friends, colleagues, & correspondents) was initiated by the *younger* partner, out of desperation for sex, any sex, because the world is too fucking freaked out about kids being sexual. You *know* this. You're afraid to print stories about anyone under 18 (though the whole world knows that kids are having sex, and loving it, when they're 12), but then you run a fucking propaganda piece that shows a boy being 'assaulted' instead. No, I do not advocate censoring your writers. Mr. Jackson should be free to write trash if he likes. You should have more taste than to run it though.

Then—to add insult to injury—the 'hero' of the piece is one of the true child molesters of the world: one of our brave marines who go off to third-world countries to kill as many children as possible. And he proceeds to 'recruit' the kid.

In other words: child, about to enter manhood, is 'saved' from the curse of sex to be taught the glories of killing. Great moral lesson, Tony. Send it to Rev. Lou Sheldon, he'll love it.

Angrily,

Scott O'Hara

Scott—I'm very sorry you found Rick Jackson's story offensive. What I liked about the story—apart from the rough-stuff *fantasy* of sex and brutality between the marine and the "Sam" character, was that an adult was saving a child from a *non-consensual* sexual encounter with another adult. So, as I see it, the story has nothing to do with young people who want to have sex with each other or with adults. Secondly, the child—again, in my view—is not being wooed by

## CAUTION

Every decision a person makes, including the decision to get out of bed in the morning, has some degree of risk associated with it. We strongly believe that each competent adult must set for themselves the level of risk he or she is willing to accept. Some avoid crossing streets in heavy traffic—others stunt-ride motorcycles without a helmet. However, to intelligently confront and accept risk, a person *must* understand the dangers.

While *Drummer* hopes to educate its

readers on a wide variety of topics, its main purpose is to entertain! Works of fiction presented in this magazine are just that—fiction! They are not in any way intended to suggest or describe activities that anyone should—or often could—actually do. They are meant for entertainment only. In other than fictional pieces, we will emphasize safe sex with respect to contagious diseases, and safe and sane behavior with respect to all activities, and will try to point out all activities which deviate from recognized

safe-sex and safe-and-sane play activities.

However, Desmodus, Inc., its officers and stockholders, the editors and staff of *Drummer*, columnists, authors, artists and other contributors to this publication and other organs of Desmodus, Inc., cannot be held responsible for accidents, injuries or other or improper application of information imparted or ideas generated by materials in *Drummer*, or from Desmodus, Inc. products.

the Marine Corps, but by a kind and friendly man who happens to be a US Marine. And, regardless of the fact that some people—evidently including yourself—feel differently, there are a lot of leathermen out there who are turned on to military men, in and out of uniform. And, even if 90% of all child molesters are heterosexual, there are male-male molesters. Not mentioning them won't make them go away.

It seems to me, at the risk of irritating you further, I have to suggest that you reread the story.

JWB

Drummer #148 is a real mess and it just goes to prove that glossy paper and pretty color pictures *don't* always make good reading.

What's with the Queenette on the cover in the leather studded opera gloves! Why it's enough to make me want to take up fag bashing! I assume the leather and studded gloves will keep its wrists from being too, too limp. To think cows actually have to die to make all that possible! I'd rather fuck a steer than one of those wax leather fruits!

No doubt the magazine could be sold openly at the souvenir stands at Disney World. Nothing could be more sexless. It would even make the Baptists laugh and roll in the church aisles thanking the good Lord that at last their prayers were answered that all the faggots have gone into self-destruct!

Obscene? Offensive, maybe, to the buyers who hope for the real SM/leather outlet; maybe a rip-off for the price being charged for a bar guide. Sexy? Maybe as a cartoon book, but as a real live sexual "homoerotic" (as Jackie Fritscher likes to say) publication? *Never*.

*Never in a million years* has anything degenerated into such a piece of garbage... it just shows you what a bunch of fluttering faggots can do when their limp wrists and pinkies get hold of something they know nothing about just for the sake of \$\$\$\$\$\$\$\$\$\$

That waddling, lard assed, leather skirted piece of blubber, Tony certainly proved what a flop he is as a publisher. I wouldn't trust a piece of toilet paper in his hands, let alone any type of publication.

Mildly outraged,

Walt W., Missoula MT

I checked, and found no one with Walt's name on our subscription list (including expired subscriptions of recent years), so I

have to wonder why he is exposing himself to material he find so offensive, but...

As for the personal remarks about the wrists, asses, attire, and fingers of the current staff and recent covermen: Bull! We are serious about leathersex, and seriously trying to reflect the attitudes and lives of our constituents. "Walt," or whatever his real name is, is obviously not one of us. And, from the tone he takes, I feel completely safe in saying that he would not be welcome at the social, sexual, and political events that matter to me. In fact, I can't imagine him being welcome anywhere.

JWB

Maybe you can help me. Last Fall in issue #141 of *Drummer* there was an article about men who have a fetish about tights, lycra and spandex. Both the article and the pictorial were interesting. I have a fetish about wearing tights. Everytime I see a movie or a special about the Renaissance, etc. I see tights and I get aroused.

This is where I need your help: what do you call these kinds of tights? Is there a special name for them? Where can I buy a pair of these tights? I'm enclosing two xerox copies of the kind of tights I'm talking about. I circled the tights and highlighted them in yellow. If you have any problems just refer to the June 1982 issue of *Hustler*. The male model is wearing a green pair of tights... I wrote to *Hustler Magazine* in February 1989. They never wrote back to me. I'm hoping you can send me a personal reply. If you can't, please don't use my name or address.

Any help you can give me I will appreciate. Thank you for your time.

**There are all kinds of tights, and it really can be hard to find exactly the ones you want. On the other hand, you live in a major city where there must be suppliers for dance and theatrical costumes. If you can't find these suppliers in the local phone book, call the costumer of a dance company or major theatre company. They won't be shocked. People need tights for all kinds of reasons. After a fashion, your interest is the same as the drama company's: "costume."**

JWB

Enclosed please find our subscription renewal. Some feedback on the last year: the art is excellent!

Cavelo is my favorite but the energy and dramatic perspectives in Rader brings new enthusiasm to traditional topics. My favorite story was "The Dancemaster," in fact it seemed too short, any chance of a sequel?

The news coverage is good although the news itself is rather perplexing. Viewed from the outside (Canada), America is quite paradoxical. It seems that the same political force that claims to be most patriotic actually holds little regard for the founding principles. Surely that bit about the pursuit of happiness is in there because so many countries in Europe had torn themselves apart in libertarian-puritan civil wars. So how can they be both patriots and prudes? Surely there is some ignorance afoot! Speaking of which, my favorite issue was the foot fetish special with the berzerk reversible cover.

Most curious was the Lawrence of Arabia fantasy; like it says, might have been, but one wishes he might have read John Mack's Pulitzer-Prize winning biography: *A Prince of our Disorder* which is candid and sympathetic (note: he says *our* disorder). Birches are a bit mild compared to what he liked, 30 with a steel whip, coming by hand, and a long, bumpy ride home on his beloved motorcycle. Lawrence's attitude to pain as a cure for mind-sickness he himself describes in *The Seven Pillars of Wisdom* (p.387). Teaching the Arabs how to blow up trains left him feeling very guilty, but a few stings from a passing scorpion and the body lay claim to his attention. As for the elaborate fantasy about the Old Man it is not too hard to decode him as the Old Man of the Mountain, of Alamut who Lawrence felt he had wronged. Anyway, a lot of Lawrence's private papers will be released in 2000 and maybe we will get more details. In any case he would probably be honored to have his myth embroidered, and considering that he was about a foot shorter than Peter O'Toole, these tall tales are nothing new.

Lawrence D., Rexdale, Canada

**Your take on American politics is more sane and right-headed than the view American politicians usually appreciate. About your remarks on our Lawrence of Arabia piece: there are lots of interesting interpretations—and lots of books—and a new TV show in the works. Whatever the truth is, we can't know all, but the mystery continues to fascinate, doesn't it? Finally, about "Dancemaster," Fledermaus says there really might be a sequel at some future time.**

# ROUGH STUFF

## *What's It Like?*

by Janet Blevins

I was recently asked what's it like being one of the only two women in the Tarheel Leather Club. Before I answer, please allow me a moment to reflect back on a time before I became a Charter Member of TLC.

It was Memorial Day weekend and I was, as I always am, attending the Southern Women's Music and Comedy Festival. I had often heard from other S/M leather dykes that at the Michigan Festival they were constantly being ostracized by their sisters. I had never encountered this in the south. We had S/M workshops and a play space. We walked around in leather attire and accouterments much to the delight of most of our sisters. They took our pictures and posed with us with great curiosity and fascination. Of course, there were occasional outburst and scattered remarks against us. But on the whole, I felt we were treated more like celebrities.

This past festival, being on an extra warm day, the only leather I had on at the moment were my silver tipped black cowboy boots. Otherwise, I was wearing faded blue jeans and a Melissa Etheridge T-shirt like many other women. I was standing in a line at the beach to get cassette autographed by a singer who sang the night before. Her words had really moved me. She sung about rape, sexual and child abuse. The rising up of the spirit after these atrocities and continuing on. It touched something in me.

The singer was hugging everyone after she signed her work and telling each one how much they mattered. I was next. She stopped to look down at my boots dressed with a single row of chain and spikes. She took my tape and hurriedly wrote her

name. Then she rushed to the next woman in line. She proceeded to hug her and began writing encouragement on her tape.

I was stunned and shocked. I was dazed and confused. **Hell, I was hurt!** Did she fear me so much, or would a simple hug from me make her sick? Was I only less a woman than the rest of them, or not capable of having the crimes in her songs committed to me simply by virtue of my choice of footwear? The words that sounded so sweet in the song the night before have become bitter in a dusty cassette that I cannot play.

It was after this escapade that I became involved with TLC. I wanted to be accepted for who I was inside, and not what I chose to wear or not wear on the outside. I wanted to try to educate others that what I do in bed does not make it wrong as long as it is SAFE/SANE/CONSENSUAL. And much to my delight I found in TLC a family.

This sense of family was tested on rocky waters at a past leather contest. Some other men were giving TLC leathermen a hard time for allowing women in the club. I never felt more proud or loved. For you see I have over fifty brothers and a sister who stand up for me. People who believe in me and listen to what I have to say. So much so, that they elected me to the Executive Committee. By unanimous vote. Brothers who try so hard to be inclusive of everything when even I don't care about the wording or lack thereof. I was never one to be considered politically correct anyhow.

So back to the question. What's it like to be one of only two? I am sure that there are not enough words to describe the special and treasured

feelings. The camaraderie and the sense that I belong is enormous. Our club's strength lies in its friendship, respect and love for one another.

So again, what's it like being one of two? A truly loving and caring experience. A feeling of fellowship that I would be wrong in hoarding. So ladies, throw open wide those leather closet doors. Everyone knows they need only be for clothes. Become a part of our supportive family. What you do behind drawn curtains is nobody's business but your own, and you need not be made ashamed of your desires. It is after all, uniqueness and individuality that makes the world not so mundane.

And I am reminded of that singer on the beach. I tell myself, she will not make me ashamed of my desires. She may not like or understand what I do, but I am a person. A passionate and caring creature. I forgave her ignorance and dusted off that tape, vowing to enlighten her in the future.

In family may one stand proud, tall and together!

Whip wishes and Leather dreams,

# Belly Up On The Bar

by Richard A. White, illustrated by RAW

I didn't have a mustache. In this bar, I was conspicuously naked on the lip. The bartender had the thickest blackest mustache I had ever seen. This was the mustache bar in the village. He had the hairiest, thickest body in the bar as well. Natural musculature. Years of Sicilian peasant farmer genes had gone into that body of his. Frank. What else would his name be? He had bottle green eyes, a cleft chin and dimples in his cheeks that could hide a dime. He was ruler of his kingdom, and he knew it. So did I.

Driving my van three hundred and fifty miles from Boston in five hours should have made me tired. But one sight of Frank's big hard butt and logger's legs woke me right up. I asked for a beer and a Jack Daniels on the side. I downed the sweet heat of the bourbon real fast. I sipped the beer and imagined the taste of slurping Frank's furry ass-crack. He saw my eyes. Dimples deepened. He wiped the few stray beads of water off the bar in front of me. His thick hairy hands and forearms slid gently in front of my beer. His hand grazed me so slightly that most of what I felt were the hairs across the top of his knuckles. All the hairs on my arm stood up on end. I shuddered. I covered it by chuckling and fidgeting in my chair. "Air conditioner on high?" I asked. "No... but I am," Frank grinned at me. How many faces had he used that grin on? How many tips had it earned him; tips of cash and tips of cocks? I'd always been leery of bartenders. Who knew what their smiles meant? And in the age of AIDS, who dared fuck with them? Wisps of gray in his thick black coils on his skull told me he was in his late thirties, at least. He'd been around a while. A survivor.

I scanned the room, looking closer at some of the faces. Most were in their late twenties and early thirties. A few were in their forties. It was a guy's bar. You could walk in off the street and not realize these were "men's men". Not a flit in the joint. Only the incessant tapes of disco music announced the clientele's preferences.

I knew my personal preference and I was fighting it. My scanning of the bar told me he was the most blazing coal in this oven of men.

I turned back to watch him orchestrate his domain and its dwellers. Most eyes at the

bar were either on him or darting to him. He was the focal point, spotlighted by amber and pink overhead. His angled jaw was a mass of muscles and dimples and a five o'clock shadow. His grin flashed wide; easy; and often. Big, white, even teeth. I imagined him spitting through his teeth, squirting beer right into my face. Stop. Stop. Stop. I had to look every where. By the time he got off, at five a.m. I'd probably be too drunk to fuck. I leaned on one elbow at the bar. I let my eyes dart down over my body to see how the light hit me. I was pleased.

My years of landscaping and garden-building for the rich gave me a tanned, tightly muscled body. It also made my hair tinged with flecks of gold through my chestnut waves. My blue eyes seemed even bluer when I had fresh sun on my skin. Not a blemish or freckle marred my chest. Nor a hair either. My dutch father gave me his thick hairless body, and my mother gave me my coloring and smile. Frank was number one tonight. I was number two. The flurry of approving smiles and resentful glares told me what the bar thought of me. My nipples were still hard from the goose-flesh Frank aroused in me. They poked through the cotton tank top I wore. No one was wearing shorts but me. Gym shorts, but still... shorts.

I felt more self-conscious of what I wore than of my bald mouth. My face and body seemed impressive enough for the

thrust south or west I ever get...hell, I ain't even seen California, "I heard a crass tone to my voice... imitating Frank? Trying to seem every bit as raucously male as he was? I smiled at myself. "Ain't missin' much... L.A. and San Francisco is filled with expatriate New Yorkers, anyway," Frank laughed at this exaggeration, "hopin' to find the man they couldn't find here...chasin' the same noise in another yard is all they're doin'". Almost every friend who ever moved out there has come back... almost every fuckin' one!" He grinned, then waited on another drinker.

The customer was in his late forties, gray-haired, pot-bellied and with bad teeth. Looked like an ex football player gone to seed. Badly. He flipped a twenty at Frank and said, "I want a date with you and I won't take no for an answer...whaddya gut tuh say 'bout that?" His voice was horse from years of butts and booze. Frank laughed, not bothered or put off at all. "Look at you and look at me... gimme a break! Now Whaddya want to drink, pal?" The man's act was deflated and his face fell. He said, in a softer voice, "Bud." Frank popped his beer, took the money and gave change. No smile. So...he was discerning in where he flashed that fantastic grin. Maybe he wasn't just conning the world for tips. Maybe his smile at me meant something. He winked as the pot-bellied man walked away. A private joke between us. My

hands tingled. Suddenly the bar seemed to fill up with twenty or thirty people coming in packs of two's and three's and four's. "Bus from Bayonne must be in," quipped Frank. His twisted grin told me he wasn't happy about it. I noted that there was a lot of gold neck chains on the men, and slicked-up hair with mousse

in it. But they all had moustaches so I was still the only hairless mouth in the place. "Watch...most of them stir their drinks with their straws then sip through them...hate that shit...faggotty!" Frank said aside to me. Then walked to the center of the bar where the new arrivals clustered, fixing their hair in the mirror. The whole mood of the place was changed by them...whoever they were.

"Saturday night...Long Islanders and Jersey cows," Frank said after he'd served the last of them. He raised one leg on his trash can again and leaned to talk to me.

**You gotta be a pig if you want me... I'm fuckin' insatiable.**

gwakers to overlook the defects I saw in myself. But did Frank? Hard to tell. He smiled at everyone...almost.

"Big Crack," I said to Frank. I sipped my beer and looked at the long jagged crack that snaked over one end of the wood framed mirror above the bar. He grinned, then looked in the direction I was staring. "Yeah... heavy fucker, that mirror... cracked when they first hung it up... kinda like the Liberty Bell." He was intelligent. A surprise and a turn-on. "You ever been to Philly?", Frank asked. "Nope... I'm from Boston... this is the fur-

"Always at midnight they arrive?" I asked, matching his contempt for the clucking gaggle. "Usually," Frank sneered. "Twelve...one...thereabouts. They come here for their first drink or two, then pop hits of whatever drug is trendy and go off dancing. Almost as a group, but I'll bet most of 'em don't know each other from shit. Came in separate cars, I bet."

His contempt for these "B&T" (bridge and tunnel) people made me feel a bit embarrassed. I winced at their fawning preening ways as well, but Frank seemed to genuinely hate them. Were they such an offense to what he thought men should act like? He was certainly miles above them in male electricity...so why the big deal about how they look? "And they never tip! Spend all their fuckin' money on JEWELRY and PERFUME!" his contempt got louder, a few even noted what he said, and sipped their drinks through their straws, ignoring his contempt.

Now it made sense. No tip... no smile.

I glanced at them in the mirror above Frank. "Pretty silly lot." I chimed in. He shook my hand, hard with callouses. Then poured me a free Jack Daniels. I'd never last until closing if this kept up! He poured himself one, "I'm Frank," He toasted me. "Gil," I swigged it down. "You work with your hands? They're like leather." "Yep," he beamed proudly, "I got me a garden at my Dad's house in Brooklyn. I thought it strange that someone so New-York-Streetwise would live at home. He read my mind, "I moved back home when my mother died. I got a floor, he's got his...we hardly talk. So I garden a lot... takes the kinks outta my head after four nights back here... with them!" He sneered in the direction of the gaggle. His timing was perfect. A flurry of them swept out together. He all but threw their drained glasses into the soap-water. I chuckled to myself.

The smile faded as quickly as it came on me. Brooklyn? A father at home? How could I go home with him? Maybe we'd fuck in my van. There was a sleeping bag I could

lay out. The prospects were brightening and my fantasies flashed pictures of Frank's ass parted and my tongue snaking up his hole, us trashing around in my van, passersby noticing the shuddering of the wheels as we fucked like yard dogs. My cock snaked down the leg of my shorts, threatening to poke its head past the bottom seam. I closed my thighs tight. Frank was pouring for more of the remaining gaggle. He didn't notice my hard-on. Was I relieved or disappointed? Both! I spread my legs again, faking a gander around the room as Frank walked back in my direction. "Great legs," he grinned at me, "all three of 'em." I closed my thighs again, faking modesty.

"Zat cuz of me?" he rolled his sleeves higher, folded his arms in front of me and leaned in close. The heady mix of hair, skin and work-sweat was fuckin' luscious! "Could be," I barely whispered, caught up in his eyes. "You gotta be a pig if you want me... I'm fuckin insatiable...I mean it. You want me, you gotta be a real badass fuck," he

barely moved his lips as he leaned even closer. "Slow down on the booze a little. I may be able to close a little early. Slows down fast on Saturday nights. They go off to other hunting grounds." I nodded, said nothing, I sipped the last of my beer. He snapped open another one. Free. Then he winked at me, the hairs on his lashes almost as long as the crop of curls that snaked out the top of his shirt. I squeezed my thighs together. I was fully hard. He leaned forward. "Bad...real bad," he grinned and waited on the man next to me. My balls were tingling now.

The next few hours were agonizingly slow. Only the sight of Frank's hard hairy body kept me there. He was right. By 2:00 a.m., the place had only three guys left in it. And they were smashed. Frank said loudly, "drink up guys, Last Call." They were so smashed, none objected...or maybe they were so shit-faced they didn't know what time it was! Anyway, they left. Frank cashed out his drawer in a flash. His doorman and floorperson swept and cleaned up faster than he counted money. Glad to be out early. He tipped them and they left. "Now... let's get down to it." He grinned. He pulled down the metal gates over the bare windows. No one

could see in. He turned the lights down lower, and the air-conditioner up high. He said nothing. He stripped, then stood naked and spread-legged on top the bar. His cock dripped under a long flap of foreskin. It was rising. My shorts and shirt were flung off and I sat back at my stool. He grinned. I was hard as a rock and even thicker than he was. He approved.

"I gotta whole night fulla ball sweat for you tuh eat...c'mere," he whispered. I bent forward in my chair and he squatted in front of my mouth. Christ, what legs he had! Thick corded muscles, veins popping everywhere...even his feet where hairy! His balls swung low and loose under that bloating boner. The head slid out, hot pink and slick with lube...nature's best lube! What wilder funky odor is there like the smell of hairy sweat-wet balls. Second best would be a hairy ass-crack ripe with the night's perspiration. I had both right in front of me!

I buried my face under his balls to lick the root of his pylon. Growls and sighs told me I was doing it the way he liked it...ferocious and ravenous. He scissored his thighs open and closed in delight. I slid my head under his ass-cheeks and dove for the

coil-coated shitter of his. He rose up on the balls of his feet to let me get my tongue all the way up his buttery hole. I nursed at it, wiggled my face in the hairy mounds of his ass. "Up there...eat me clean...lick the night off me, babe...yeahhh...like that...suck that hole...JEEZZZZUSSS!"

His cock stood straight in the air now, pulsing as I ate deep into his manhole. "Yeahhh...get me ready for that big fucker o'yurs," he hissed. Good, he loved getting fucked. Who says only tops are hot? If the man is a hulking hairy bruiser it doesn't matter what he does, long as I can eat him. Nothing like a bull of a guy sitting on your cock while you stroke his boner and yank his pec's. And Frank had it all. The face... the cock... the hairy body... bloated with power and heat.

"Ahhhh...yeahhh...slow down babe, I don't wanna cum yet...get up here...lie on the bar...lemme me suck you deep!" His hunger heated me up even more.

There I was belly up on the bar, bare-assed, and being sucked off by a bartender! And as I lay my head down, the Jack Daniels flooded my brain and my cock with blood. I was spinning, my cock was club hard from

Frank's sucking. I ain't small but he had that fat choker of mine deep in his throat. It was the first time I ever really felt what the word SUCKED-OFF meant. Not only could he swallow my cock, he kept ON swallowing and nursed the head of my cock into an engorged angry red throbbler. Amazing man!

Suddenly he slid off my cock, then leaned off the bar. He was behind the bar, reaching for the soda gun. He said, "now...I'm gonna clean myself out real good. Then feed you some more." What the fuck did he mean? Feed me what? He squirted the club soda up his ass until he was full. Then, he waddled to the huge garbage can at the end of the bar and squatted over it. No fuckin' modesty or shame, he was proud of spewing his guts in front of me! "Ahhh...great stuff that club soda...cleans and leaves yur ass smelling sweet as a rose...kinda like saniflush, y'know?" Frank was as drunk as I was. I laughed watching this massive man squat over a garbage can, with the widest grin I'd ever known.

He went back to the soda nozzle and squirted again. This time he put his foot on the bar so I could watch the nozzle enter his hairy hole. I watched stray drops dribble off the end of the nozzle. I envied that nozzle. He was full, and waddled again to the garbage can. This time, he turned his back to me and sighed, "Nice and clean for you, babe," as his ass sprayed clean sparkling bubbles.

Then he said, "Dessert time." He climbed the bar again. He straddled over my face. He reached to a small white plastic bin of fruit for cocktails. CHERRIES! That's what he was reaching for. And he slowly slid one after another up his squeaky clean asshole! He flashed me that big Ginzo grin and put one last one between his furry fuck-cheeks. "Life wasn't this much fun 'til I learned how to use my asshole...Ginzo guilt made me think I hadda be THE GUY...THE MAN...THE ONE WHO ONLY FUCKS. Lotta bullshit that was. Here, babe...take my cherry...all of them!" He pressed his puckered juice-coated bung hole in my face. "Open up...I'll pop 'em in one at time," he whispered. I feasted on his heated cherries. And when the last one came out, so did a little red cherry juice. I drank it like a man thirsting for weeks for one drop of water.

Then Frank reached to the bar for a bottle of Jack Daniels. He lay on his back, spread his legs, and stuck the pour spout up his hole! He stood the bottle on end and let it flow into his shit-chute. He pulled it out, hissing from the searing burning that the booze caused his hole. Then he sighed, "first it hurts like hell, then it numbs yer hole... fuckin' great. Lemme serve you a real cocktail!" And he mounted my face again. Slowly...so very slowly, his ass-lips parted and let the steamy brew into my mouth. Cherry juice, man-juice, and Bourbon! No bar had ever served a better cocktail. I drank

until he was dry then I pressed my lips against his sphincter and sucked it raw. He withered over me, squeezing my face with his big ginzo thighs until the hairs made my face burn. My cock roared and throbbed for attention. Frank reached for a rocks glass and filled it halfway with Jack Daniels. Then, spitting on his fingers, he greased my cock and his asshole. He sat on me and let my fat horn slide waaaaay up there. Man, what a fuckin' savage!!

He rode and rode, whipping my cock with his hairy asshole and grinding his asscheeks onto my balls. He beat the shit out of his cock as he bucked my boner. I could see he was gonna cum real fast. He gasped and huffed and whipped a frothy thick load out of his cock...right into the glass of Jack Daniels! Then he handed it to me, "Bottoms up, Babe!" I gulped it. Hell, Jack Daniels will kill anything! Except for my stiff bone. As I quaffed it down, he said in quick pants, "only the first...more loads in me...I want you...a pig for your fuckin cock!"

He bent over on his hands and knees, raising his burning swollen puckered hole at me. "Drive it home, Babe...just don't cum in me... spray it all over my balls...got it? Dominating me, giving me orders even as he bent over spreading his ass for me! I could see us in the cracked mirror over the bar, soft spotlights framing us like a Carravaggio painting. Bright sinewy males haloed and standing out from the dark. "Lookit us....ain't we somethin'?" he asked. He was watching my cock slide in his ass. He rubbed the underside of my balls, caressing them, cherishing them. I was all the way in his ass muscles locked down on my cock. Fire surged through my boner. This man was more in charge on the bottom than most men are on top!

"Fuck me... I'm your fuckin pig...slam it in me, motherfucker...gimme that fat pork!"

## I gotta a whole night of ball sweat here for you to eat!

Frank wiggled his hips and ass, giving me the ride of a lifetime. Our balls slapped against each other as I plowed harder and deeper into his beefy furry butt. I was close. He knew it. He gripped my cock under my balls...right at the root. "On me...on me!" he urged me, "coat my fuckin balls with your jizz!" That did it... I slid out and showered his long fat ballsack with my cum. It dripped off the long shaggy hairs under his nuts. I was shooting from my fuckin' toes!

He rubbed my juices all over his sack. Then he brought his fingers to his lips and

licked them clean. He grabbed the bottle of Jack Daniels and swigged a shot. Then he tossed the pour-spout into the garbage can.

He grinned turned to face me. We squatted naked on the bar. "Fuckin' great... you are one bad-ass motherfucker... this was just the warm up." I leaned forward to kiss him. His breath reeked of the sweet fire of Jack Daniels and my cum. I sucked his tongue into my mouth and heard his moans. His cock was still ramming at me like a drill press. He was ready to cum again. I was the prick, the man, the porker...I was the pummeller. Yet he made me feel I was grovelling, gratefully grovelling for finally finding the kind of man worth grovelling for.

"Beer time," Frank reached into the coolers under the bar. He stood bare-assed and spread-legged, handing me an armful of beers: eight or ten at least. "Makes the piss flow fast and sweet," he said. I was still lying, naked and hard, across the length of the bar counter. The butcher-block wood felt cool under my butt. We both started swigging beers. Frank climbed back up and on the bar. He tugged his wallet from the heap of his clothes. Inside were a few condoms. He unwrapped one, rolling it over my cock. He lubed me with his tongue so the sheath slid on slick and easy. His touch was masterful, assured, hungry.

When we'd each downed three beers, I felt my cock tingling to piss. Even with a hard-on I can piss. "Over me...stand up." Frank coaxed. He lay at my feet on top of the bar, head between my feet. "Fill it, pointing at my face. I let go...slowly...not knowing how much the condom could take. "Strong and very flexible. Grip the base of the condom so it stays on as it fills up. Yyeaaaahhh...good...let rip...good...yeahhh fill it." I felt the weight of my piss filling the bag, marvelling at its elasticity.

I also felt a good fart coming. I squeezed my sphincter tight. That slowed my piss flow. "Let it rip, I said...farts and all...squat down so's I can see that butt-eye wink at me! Down here!" I spread my legs and slowly lowered myself, expecting the scum-bag to burst. It didn't...but my butt-eye did. Frank raised

his head and kissed my shit-hole, savoring the funky air around it. "Mmmmm...good man...you finished fillin' this sucker?" I barely dared speak, the bag was so full and swinging slightly. "Uh huh," I sighed. He opened his mouth, bared his teeth and bit the bag, sending gushes of my piss-clear fluids all over his hairy chest and belly. He howled in delight. He licked the last of the piss off my cock. He chewed the scum-bag's remains off my blood-purple shaft. "Shower time," he was orchestrating and choreographing and directing...I was just the star.

We hopped off the bar, still sporting hard-ons that reached for the sky. He took the soda gun in hand and said, "Come close, I'll wash us off." He held the gun overhead, and the cool water from the gun splashed all over both of us. He gripped me, letting the water run between our bodies. The water ran off us and through the wooden slats at our feet. "Drains into the basement...no fuss...no muss," he assured me. He reached into a cabinet under the liquor bottle and took out a half dozen clean white bar towels.

"Up there," he pointed to the bar counter. I stood there. He knelt and dried me from toenail to eyebrows. And himself as well. Then, still kneeling, he swallowed my cock again. This time he rolled his head rapidly, like a dog tugging at a rag, slurping and nursing my cock-club. "Don't you cum...not yet," he whispered. There was the slightest hint of tenderness in his voice, making his ravenous cock-sucking all the more electrifying. He slid off my cock and gave it a slap. I expected it to "twang", it flapped around so much. It slowed down my cumming though.

He knew what he was doing. He spun around and mounted himself on my digger. Right to the base in one lunge! Then his muscles in his asshole gripped the shaft tighter than JAWS. "Open me...fuck me in wide circles...that's it, good...fuckin' pig, you are...now slip your hand in there...grab your pork...yeahhhhh...good man...fill me up...beat off inside me, babe...shiiiiit!" I felt his ass slam shut around my wrist and cock. God what control. He was cumming again. His ass was a slimy vice.

"Gaaaaaahhhhh!" he howled. Then he let my hand and hard-on slide out. "Shit...best load I popped in months!" He spun and squatted on his haunches. "I got one more in me at least...you game?" he asked. My bobbing wand gave him his answer. His grin flashed again. "Lemme clean off". He leaped behind the bar, turning on the electric glass-washing machine. It was a spinning bristle brush, standing upright in the sink. The water had been drained so he ran warm water onto it. Then he squatted over the sink. Facing me. I watched the brush whirl up against his asshole, spinning gobs of his ass juices all around. "Kiss me," he whispered, "kiss me." I bent forward and slid my tongue across his. I tasted me and him on the thick hairs of his mustache. Spraying warm water flicked onto me from his asshole. I could have cum just kissing him!

He sighed and took my kisses deep into his throat. His cock was raging hard again. "Make me fuckin' crazed," he chuckled. He slid off the spinning brush, reached for another clean bar towel and dried off.

He kept bringing me so close to the edge, then pressing me back...holding my

cum-load in check until the time was ripe. His time! He wiped off my tortured cock. All his ass-syrup gone. He bent down on all fours, I stood in front of him. On top of the bar, the lights glistened all over his coffee-colored skin. His hairy ass bobbed in the air as he sucked me way down his throat. Then he gulped and gulped at the head again, letting his tongue slide under my balls while his hot bushy mustache tickled the base of my drooling dong. Then he slipped his mouth past my balls and went for my asshole. I shuddered. Legs starting to buckle, knees aching, cock throbbing...I couldn't last much longer. Elusive as mercury, he slid his body between my legs and was behind me, standing with his hard body pressed close to mine. His cock was throbbing against my asshole.

"King me" he said, handing me a rubber, and laying face up on the bar. Squatting spreadlegged back to him, over his cock, I ripped open the red foil, then reaching back between my legs, I set the crown on his royal cock. I winced at what it would feel like up inside me...but my engorged cock had to shoot soon...even if it were on his terms. "Now lick it all over and wet my cock for your asshole...I already got you good an' wet back there...if it ain't spit, it ain't love, right?" I struggled to get the safe rolled down his thick shaft. "Only halfway down. Them fuckers hurt when they rip out my cock hairs," he chuckled and rubbed my butt lovingly. I bent over and lathered saliva all over the sharp-tasting rubber, and then down his shaft to the root.

I wanted every inch as slippery as possible. This fuckin' hog could kill me!

"Whadda fuckin' meal you are, babe...rub that spit in good...yeah...now spread your cheeks so I can watch it slide up your hole...fuck, whatta sight you are." His caresses and whispers made mounting his cock urgent. I had to have him in me. But, God, the

with sweat, his eyes gleaming as he looked at my body. "Some piece of man, Gil...c'mere". I bent to kiss him, stretching my aching hole even more. He gripped one nipple in his hard fingers. His cock swelled as he touched me. He liked what he felt. He wrapped the other hand around my cock shaft. The firm yet tender grip of his touch melted all resistance to the pain up my ass. His tongue flashed into my mouth. "You should be fucked every day...every fuckin' day," he hissed into my ear. It'd been so long since anything had been in there but a tongue. But he felt like home.

He could tell I was close to cumming. His thrusts into me were pounding deeper and faster. I could feel his ball sack swinging up against my butt. I could smell his ballsweat seeping up from between my legs. He squeezed my nipple raw, tugging me harder and harder against him as he rammed that Ginzo salami home.

I don't know what he hit, or where, but suddenly my guts exploded. I gasped and bucked. My eyes stung with his salty sweaty kisses. My cock erupted and my load spurted long ribbons of pudding all over his belly and chest. I rose up on my hands to see his face as I shot beaming. Grinning. Gasping. He rubbed my load all over the body hairs. "Up! I'm there babe...and the fuckin' safe tore!" He pulled out of me just in time. I watched a third load shoot out of him, more beer-piss than cum, so it shot right over his head. My hole was stinging and humming at the sight of him. Exhausted, I peeled myself off him. I took another clean bar towel, wet it, and wiped his body off on the bar. Like I was the bartender and he was my fleshy hairy bar top. Belly up on the bar. Then I washed myself under the soda gun. He wiped me dry.

Silently beaming and flashing dimples at me, he dressed me and himself. "You drove here?" he said finally. "Yeah...my van's down the block."

"Good...I'm off tomorrow...and you better be too." He tucked his shirt in. "But...where we gonna go?" I thought of his father. "The ol' man's passed out by now, and he gets up and goes out early. Hangs out on the avenue Sunday afternoons...lawn chair, beer and

all. He won't even know you're there...he sleeps two floors below. With the noise we're gonna make, we need all the sound-proofing we can get."

He swatted my sore butt and led me to the door. We locked up and headed for the van.

He'd dashed all my pre-conceived notions of bartenders and bottoms. And we were going to Brooklyn for more. Like the movie says, "Life fools you sometimes." And sometimes for the better. No bar would look the same again. ♦

## Growls and sighs told me I was doing it right ...ravenously.

thickness of that choker. I grunted and heaved getting the thing inside my guts. Frank approved. He rubbed my aching leg muscles. "Down...all the way down...that's it...good boy...good boy." Suddenly in one last thrust he touched base. I had all of it. "Now...turn and face me...I want your kisses while I fuck your asshole," he whispered. Aching inside as his curved cock carved circles in my shit-chute. I turned, rotating on his club hard cock, and faced him.

I looked down and almost shot at the sight of him. His chest hairs were soaked

[WB] **BUSINESSMAN RECALLS DAYS AS KLAUS  
BARBIE'S PRISONER**

MT. SHASTA, Calif. — It was a long way from the quiet hills of northwestern California to Lyon, France where Klaus Barbie is being tried for crimes against humanity. But the memories of Barbie, "The Butcher of Lyon," remain fresh for Pierre Duval.

Duval, now 66, grew up in the region of France and was in the French underground when he was arrested and interrogated by Barbie. Unlike others, Duval escaped and came to the United States, where he became a successful businessman. Duval has recently been stirred by past war crimes dredged up by the Barbie trail that began last week in Lyon. He said it was strange to see his old foe again on television, "There's a certain angle to his face, if he's turned a certain way. Put that SS cap on him and it's just the same. The same eyes. That I will never forget. And the face is as it is engraved in my mind, as always will be." Once known as Nazi concentration camp prisoner No. 22163, Duval testified at the Nuremberg war crimes trials in 1947 and inquired about testifying at Barbie's trial.

Duval had just enlisted for the war with Germany, but in 1940, France surrendered. He fled to the mountains near Grenoble in southeastern France where a resistance movement had begun. He became a messenger and liaison among the other underground contacts. Duval saw Barbie in a predawn encounter in a hospital, where Duval was doing resistance work while pretending to be a patient. *Don't move! German police!* "I opened my eyes and found myself face to face with Klaus Barbie," Duval said. He could not help but be struck by Barbie's presence.

"The guy was very impressive, I learned to have respect for his abilities, including being absolutely ruthless in playing the game of interrogation." Duval's interrogation came the next day in Gestapo Headquarters in Grenoble. Barbie was in charge. "I had an eight-hour interrogation session in which I was severely beaten, hung up by my wrists, whipped, kicked in the groin while I was hanging, burned with cigarettes and so forth. During the interrogation, Barbie kept his hands off. He let others do the dirty work."

As the trial continues, Duval has mixed feelings for his old foe. "For my taste, let him rot in jail. That's the best thing that can happen to him. Give him all the time to think about what he has done until he dies. Back then, I would have tortured him myself."

# TIES THAT BIND

## Three or More???

by Guy Baldwin

Things seem to come in cycles for some reason, and recently, I have received several requests to comment on the special circumstances that tend to come up when so called "group" or multiple relationships are attempted in the context of dominance and submission or SM. I know that group relationships are a subject of interest for many of us partly because fictional stories about them turn up so often, and partly because many of my clients report that erotic fantasies about group relationships have a steady attraction for them. This fascination seems to be interesting to Tops about as often as it is to bottoms although there is no research to support this observation. So, who can be surprised that some of us try to make such fantasies real sometimes?

Fantasies about such relationships usually come in one (or more) of these configurations: one slave in service to two or more Masters; one Master with a stable of submissives; two or more Top/bottom couples who co-habit and play together; and/or a pool of Masters who ride herd over a dungeon of bottoms. Most writers of SM fiction have titillated us at one time or another with stories based on these models.

Since general society sanctions the standard "marital pair," most of our experience with relationships comes from our participation in what is known as the "pair bond"—we become lovers with another guy. Consequently, most of the group relationships with which I am familiar both in and out of the therapy room began when a Top/bottom (Master/slave, sadist/masochist, or what have you) couple who identified themselves as "lovers" decided to involve themselves with either another guy or another set of kinky lovers with whom there was a mutual attraction.

Among the relationships of these types I know of, nearly without exception, trouble started almost immediately. And it always seems to start in the same way: somebody gets hurt feelings. Either one of the pre-existing lovers starts

hurting, or the newcomer does. In either case, typically the hurting one reports his feelings to the other member of the triad (its now called a triad [pronounced, try-add] when there are three and a quartet when there are four) with whom he feels the most emotional closeness. This message is then transmitted to the third member by the second.

The hurt feelings usually come up around one or more of the following issues: division of labor; division of time; different income or debt; differences in sexual frequency or activity; differences in schedule; competition for time, intimacy, sex, authority, or affection. In other words, the usual stuff that troubles diads [pronounced, die-adds] (standard couples). Making the extra effort to acquire the skills necessary to work these problems out is a huge challenge and this is the usual reason given for the assertion that multiple relationships are inherently unstable—fellas are just not up to the challenge offered by these relationships. Most guys somehow sense that they are not up to it and so don't even try in the first place.

Even when the members of the new multiple relationship are able to work these problems out to everyone's mutual satisfaction, these same issues are likely to come up all over again if a decision is made to add one or more guys to the multiple partnership at some later date. The individuals in most triads are often so exhausted by the effort to stabilize the trio that they become very reluctant to attempt any enlargement of the relationship afterwards. In some cases, the exhaustion leads to the breakup of the triad and either a return to the original diad, a total breakup, or the formation of a new diad. Whatever the end result, emotional wounds are usually suffered by all parties. Such wounds are not easily forgotten.

✓

Having said all that, I must also

point out that I know of six such multiple relationships currently underway that seem to be working well. Three of them are triads, and one of them has seven members (it includes one woman, I might add). As luck would have it, I have been allowed to learn some things about how they happened, some problems that have been overcome, and how.

All but one of these began with an original pair and then grew.

What follows are some suggestions which I hope can be helpful for those contemplating such an attempt.

First of all, at the point when both lovers confide to each other that they each have an interest in adding one or more to their original relationship, it seems to be very important that they first talk honestly with each other about *exactly* what sort of configuration each has been thinking about. If it is discovered that their views of a possible triad are similar with respect to roles, living arrangements, sleeping and sexual arrangements, and the other issues mentioned earlier, then their discussions might safely proceed. If they are different in important aspects, they would be well advised to confine their interest to remain at the fantasy level for the duration of their relationship or until attitudes change.

If there is general agreement on the important aspects and they decide to proceed, then the couple would be wise to (separately) list what sort of person each thinks might be a workable addition. This list should be written down and include things like the physical, emotional, intellectual, spiritual, erotic, and character attributes of the possible candidate; his life circumstances; goals and aspirations; safer sex guidelines; along with comments about undesirable traits or features of the candidate. Such lists should then be shared with one's partner to determine compatibility. All this is better done before any effort is made to search for a candidate—otherwise, how would they know what sort of person to look for?

Likewise, if a single guy is interested in a multiple relationship, he too would be well advised to spend some time developing such a list while taking great care to be rigorously honest with himself about what he thinks might work best for himself. The message is: it's very hard to find something if you don't know what you're looking for.

It is good idea to develop such a list over time, say, a month or two so that you can try on the ideas contained in the

list in your head—something that seems like a good idea at first might not after you've thought about it a while. Don't be afraid to change the list as your thinking changes, but stay honest with yourself!

Once you've settled on a package of ideas that you think you can live with, you have essentially two choices: either you can hope to run into the situation you seek with another person or persons, or you can advertise. Yes, advertise. It's the fastest way to communicate with the largest number of people I know of, and it works out more often than not if you handle your responses carefully and honestly and craft a good ad in the first place. The experience of myself and others recommends that you not be willing to compromise on the more important features found on your list.

If fortune smiles on you and you connect with serious and compatible candidates, when you meet, do your level best to speak honestly and openly with each other about what everyone needs and what everyone can offer right from the beginning. Failure to do this will only delay the beginning of problem solving efforts later.

If it turns out that all the lights are green, I suggest that a temporary arrangement be made between the guys, say maybe a month or six weeks with an agreement to talk at least weekly about how things are going; what seems to be working out well and what is not. Such conversations could include reporting any emotional surprises that anyone notices coming up with respect to himself or the others. Perhaps the most important emotional information to share has to do with any fear or anger that pops up.

Whenever possible during such conversations, it is helpful to ask for specific behavior changes from whoever is frightening or annoying. Even if one is not sure what he wants to see change, it can be helpful to offer a guess.

Unless a specific structure with rules for communication is created, it is generally dangerous when one person begins carrying emotional messages for someone else to a third person. Things tend to go more smoothly when messages about feelings are announced to all members of a group relationship at the same time. The group relationship with seven people that I mentioned earlier has a standing rule that hassles are communicated in front of all other members at the same time. This rule keeps everybody up to speed on the state of all

Three or more, the fantasy is explored in videos and photography all the time.

the one-on-one relationships at the same time so that everybody knows how everybody feels about everybody else with the minimum time delay. In a sense, this works out to be a kind of group therapy with one of the uninvolved dominants acting as group facilitator or referee.

Jealousy is a common complaint that all such relationships must come to terms with. It is useful to bear in mind the fact that no person loves in the same way twice nor can they be expected to do so. Furthermore, nowhere is it written that all members of such a relationship must necessarily be in love with each other in order for the relationship to work out well.

At their most basic level, relationships happen between two people or entities at a time. This means that when three become involved, there are really a total of six different relationships: the three between each of the three pairs, and three more between any individual and each of the other pairs. Not included in this list is the relationship one has with one's own self.

For triads to survive, all of these relationships must be in relatively good

repair at least most of the time. As you might guess, this can be a complicated process to manage and will require great commitment and effort on everyone's part. But it can be done if everyone has the ability to tell the truth to one's self and others, to listen carefully, and to say what they mean and mean what they say.

Group relationships are not for everyone. In practice, they can offer special rewards and create special problems. They take extra time and lots of energy.

Although there is much more to say about all this and no space to say it, the above should give anyone thinking about such relationships more to chew on. Hopefully in time, we will hear more from those for whom such relationships work and also from those who have had difficulty. Only in this way will we be able to profit from the experience of others who choose this option for themselves. ♦

I needed it bad. When I left bootcamp, a very, very friendly DI had told me never to fuck on the ship. In the two years since, I'd managed to keep my dick dry aboard, but it was often hard—especially on this last six-month deployment. I had a man—or a dozen—in every port, but sleeping and showering and just hanging out with sixty other guys in your berthing compartment can be a strain... especially when they're always stroking around on their way to and from the heads with thick slabs of sailor dick slapping into firm meaty thighs. You see those heavy, cum-clogged balls swinging low and want to help your buddies pump their bilges. By the time we pulled back into San Diego, even spanking the monkey every few hours didn't keep my best asset down. I headed straight for the best bar in Port Loma, and found Rusty waiting patiently for an adventure to happen.

He stood 5'8" in his boots and denim with his Ricky Schroder face and carrot-topped marine cut. The open jacket showed me enough of his body to make several major organs ache at once. His pug nose and savory blue eyes, his cocky grin with those chipmunk buck teeth, and the bulge down his right thigh, all promised me a time almost good enough to make up for the last six months.

I won't bore you with the preliminaries. I had enough on the ball to know he'd want me, too. Marines love nothing more than hard squid dick up their butts—except maybe for being put in their place before they're used and abused. I'd saved up one serious *mean* just to take care of that. Every time, for the last six months, that some fucking officer had shit on me, I smiled to myself and thought of how I would take my revenge on the first marine ass to cross my path. Before the bitch could begin to see six month's dust coating my apartment, his butt was strapped down over a rack that had been empty half a year too long. Ass to the

ceiling, he pulled at the leather straps holding his fresh, hard body in place, and growled that unless I "pleasured him good" he'd have my ass. I'd planned to start on his ass, but that foul mouth of his needed to be taught a few things even more.

I had just the thing to show him wisdom—and shut him up at the same time: nine hard, thick inches of sailor manhood. When I stood in front of him and stripped off my shirt, his butt did an appreciative, anticipatory wriggle that promised pleasures yet to come. When I dropped trou and my lizard leaped out, I saw awe mingled with a hint of terror flaring up in his eyes. I pinched Rusty's little pug nose, and his face-fuckhole popped open before you could say Montezuma.

Before he could even think of whining, my thick dick was prying the living shit out of his tight, cock-sucking, jarhead throat. He tried to open up, but I just shoved deeper, twisting and reaming, using his ears as hand-holds and gagging his pansy-assed throat until he started to choke. I rammed my hips up into his face, forcing my dick down deeper than ever, feeling his hot, hunky body open to let me pass until it was racked with great heaving quakes and spasms as he tried to suck air and monster cock at the same time. I wasn't about to damage him for good—just yet.

Besides, his ass was waiting... pale, soft skin stretched over two hard mounds of marine-quality muscle. His butt needed training more than any two succulent handfuls of manhood I'd ever seen. To give him something to think about, I tore a lace out of my boondockers and, reaching low between his firm, creamy thighs, wrapped it hard around his stiff marine weapon, and down around his low-slung ballbag. I hooked the ends into a loop and stuck through a nightstick I had *accidentally* forgotten to return the last time I pulled shore patrol duty. A dollop

of spit was all the lube the handgrip needed before I shoved that thick, four-inch handhold up into Rusty's quivering, yearning, USMC ass hole. I saw his dick and balls pulled back tight between his legs as his shit chute learned the rigid reality of his position. The long shaft of the nightstick lay hard and thick between his tender man-cheeks to remind him who was in charge. The hard plastic would also protect his tight manhole from the shit about to roll downhill. I wanted that fuckhole stretched open, but my dick would give it all the punishment it could handle... after I'd taken care of paddling his ass good.

I started off with my hand. Belts and paddles teach a bad marine how to be good, but they lack the personal touch. Besides, there's something about having hard flesh heat my hand as I wail away on a powerless ass that pumps my 'nads every time. Not even drilling your shaft down a man's butthole bonds the two of you together like feeling the flesh of your palm ripping into his tender ass. The fleshy *smack/s* echo off the walls to mingle with the helpless grunts that slip uncontrollably from the hard body at your mercy. Your plaything is yours absolutely, to do with as you will. No terror, no perversion is impossible once you have him strapped down, stripped naked, and defenseless... and *he knows it*. The two of you, master and victim, meld together in that moment. Our souls join as one, opposite sides of the same coin as you share the pain.

I started on the sides, protecting myself from the nightstick and driving his firm muscles hard against it to smash the violence of my fury down through the hard handhold and send it reverberating along the secret passage of Rusty's tender shit chute. After the most brutal, unforgiving slap I could manage with bare flesh, I paused and let my fingers trace lightly over the handprint emblazoned on his butt. Just barely grazing his

ass, parting the fine, strawberry blond hairs there, only hinting at contact, my fingertips felt like a branding iron, searing my will into his flesh. His butt shuddered and arched upward, clamping down hard on my lawman's dildo, and greedy for more contact. Another brutal hand fell hard against pale, fresh flesh, and turned it crimson, preparing the way for my excruciating fingers to take another stroll on the wild side. He wanted more... to have my thick dick sliding up his ass, to

feel my fist clenched tight around his nuts, to feel my teeth tearing at his passion-tipped tits. But this first evening back at civilization wasn't about giving him what he wanted. Our story was about my getting what I needed: to see him squirm and beg before I tore the living fuck out of his tight, jarhead butt.

I was sweating away within minutes. I'd worked out in the gym every day of the deployment to keep my build. Now I was glad for every pound I had pumped be-

cause mangling marine meat isn't as easy as you might think. The skin wrapped around that butt is baby-soft all right, but the hard bands of muscle underneath take a lot of punishment before they turn to jelly. Once I picked up my pace, though, his butt burned bright as I changed hands and my cadence and the angle I used to fly at his butt. I man-handled that marine good. I remembered the knack of beating butt with glancing blows so my hand didn't blister,

yet his meat clenched down on that hard black rod, and we started to make real progress. My arms felt about to fall off and sweat was beginning to drip down onto his naked, heaving flesh. By that time, his boyish bubble-butt had learned the meaning of misery, and my attitude towards life was taking a serious turn for the better. To give my arm a rest, I reached down and grabbed the tail end of the nightstick to jerk up and away. The relentless black handhold dug into unfamiliar territory deep inside his guts as his straight-laced ballbag and dick torqued and twisted under my torture. I left his cherry-red butt and moved back to his face. My dick slammed into his open, bitching mouth and plugged him solid. I grabbed a hard pinch of short, rust colored hair and used it like miniature reins to hold his hunky head in place while my hips savagely rammed my dick into him. I felt my pubes moustache his lip as the swollen knob of my crankshaft pulsed hard and mean down his jarhead gullet. The slut showed me where grunts got their name. And the noise he made as I pronged and reamed and torqued the last six months out of my system made me even hotter. The only trouble was I couldn't hear him howl and fuck his wholesome mouth at the same time. I slammed harder and faster down his hole until my ballbag started to tighten, then I gave the bastard some undeserved relief. "Okay, you fucking jarhead," I said, "what is it you want?"

The ungrateful gruntsaid, "You know what I want," so I slapped him hard across the face with the best nine inches of butt-buster in California. "That's *Sir* to you, ass-wipe."

"Fuck me, Sir!" He got another rap with all I had before I demanded the magic word. He said it: "PLEASE, fuck me, Sir." I thought about doing the "I-can't-hear-you" crap, just to jerk his chain, but the time had come to go for the gusto.

This wasn't romance. It was the closest thing to rape you could have without being arrested. I was behind him in a flash. In one stroke, I'd pulled the plastic plug out of his pink pucker and grabbed his ears again to snap his head back hard. The shit-streaked nightstick slid across his cheek and under his nose, smearing his own man-musk into his consciousness. He didn't need more foreplay. He was ready!

My thick naval weapon tore through the twitching gateway to his soul and took possession of him. He screamed out in yet another spasms of pain. This time, though, the searing flames weren't wrapped around his ass. They drove

deep, pulsing fiercely as the fury of my ruby-red rod cut its way into his spirit. His body clamped down around my weasel like a trap, locking the fierce teeth of his slick shit-chute around my joint as I struggled, unleashing wave after wave of uncontrolled need, flooding into his fuckhole.

Looking back, I see now that Rusty craved our wrangle even more than I did. Once the first seizure of agony had rippled across his hard marine body and died away into moaning grunts of ecstasy, he fell limp with pleasure. I heard a soft, almost prayerful and child-like voice drifting back across his perfect male body: "Oh, Jesus. Oh, yesssss. Fuuckking-aaaaa... aaaahhhh." Never one to interfere with the free practice of religion, I went to work immolating his butt on the altar of my need.

My arms reached around to grab his hard, meaty tits, using them to hold him in place as I rode his ass, twisting and bucking across the rough landscape of our frenzy. Every thrust of my prodigious pride found Rusty heaving or thrusting his butt in a new direction. Our sweaty bodies flew together like birds of prey, grappling for advantage, struggling for the kill in mid-flight. The sound of naked government flesh meating its own kind blended together with the savory, sweaty smell of animals at rut and the brutal rhythm of my cock plunging deeper and harder with every stroke into hard beef. His slick, slutty guts wrapped around my swollen dickhead and dragged me down into the welcoming hunger of his hole. My lips slid along the salt-slicked back of his neck, slurping up the streams of sweat that poured from his contorted body. Like a jungle cat, I grabbed hold of the thick muscle of his shoulder and used him even harder. My fingers tore at his massive pecs. My legs clawed at his thighs as I answered the call of man's most ancient instinct. I had to crawl up inside his ass... to explode my guts into his, melding our essence as we had shared our souls and pain and flesh.

Our bodies heaved together, grunts and moans and shrill bestial cries splintering the space around us as we fucked on, sliding closer and closer to the abyss. Only fragments remain to me of the next several minutes. My brain could only handle so much. The friction of our frantic fuck was scorching my lizard to the bone, but I was past caring. I half-remember the feel of Rusty's hands on my butt, clutching at me, pulling me down against his rolling, lurching, twisting body as my thick nine inches of sailor butt-stake flamed his ass. I remember how

slippery he felt as our sweat greased the skids of our fuck-frenzy. Even locked head and tail, we still slid wildly askew like children on some new E-ticket ride.

I remember the shrieks Rusty made when my dick accidentally popped clear of his ass, and the almost subhuman grunt and groan of satisfaction when I went home again, stretching that tight fuckhole wide. The firm, slick presence of his prostate slipping along my dick, the heat of his body trapped below me, the texture of his close-cropped hair against my cheeks as I bit harder into his shoulder... all these, and a thousand more

sensations, warped together with the woof of my approaching rapture as my shuttle picked up speed, weaving a tapestry of ecstasy so pure, so profound, and so intense as to be superhuman.

We thundered together like Titans through the sultry night, ignorant of the moment and careless of our destination. The union of our flesh and muscle bred sublime satisfaction that swelled until it pushed away all consciousness and left us senseless, slamming together on instinct alone, driven ever onward by the timeless needs of our kind. A black vale of contentment enveloped me, its rocky

walls keeping me safe as I fucked butt as I'd never fucked before... as time itself lurched to a stop.

Suddenly, minutes or months later, I was at ground zero. One shockwave after another washed over me. Blinded, crisped to the core, I felt every drop of my essence gush away into the limitless, white-hot void. The earth buckled and ripped beneath me as I struggled hopelessly to hold on. The very cosmos itself shredded, and the moans of all the damned souls of hell ricocheted within me as I was flung about, numb and impotent. The heaving grew ever more violent as my guts emptied and the hellish howls found every corner of my being. By the time some sensation began to return and I realized that I might not die after all, I was too drained to much give a fuck. My body was completely out of control, rearing and jetting jism, clawing at the naked marine flesh trapped below me, until I had long since juiced him completely.

Even then, dry-humping his tortured hole, grinding to a stop took some time. My greedy lizard had learned bad habits and deserved to be slapped around. Finally, falling atop him as we both tried to suck air, I knew it would be some time before I got around to giving the lizard the slapping it deserved. After many minutes, the night air began to dry the sweat on our naked flesh. I eased my dick out of what was left of Rusty's marine fox hole. I had freed his wrists at some point, but I didn't remember when.

I flipped him over. Even though his gear was still laced up tight, the hapless bastard hadn't been able to control himself. He deserved punishment in the worst way: his belly and chest were sopping with prime, grade-A, USMC, jarhead jism. Lying atop those massive, messy pecs, sucking at his lips and tits and neck, slurping up his creamy froth, and feeling his strong arms enfold me... I knew I was going to be plenty busy slapping hard meat around... but it wouldn't be *mine*.

# Scythian Man

## Reflections on an Ancient Illustrated Man, His Violent Life, and His Tattoos

and from other sources.

*"It's an old Scythian practice. A naked youth mounts the horse, slits its throat and rides it to the ground. Dangerous, I'm told. Rather like your American rodeos. ... Tacitus tells us that the Scythians, a warlike and horsey people, hang their captives from trees like an old western posse. And Herodotus gives a lurid account of their practices. 'When a Scythian King died, fifty pure-blooded Arabic horses and fifty handsome youths were strangled, disemboweled and stuffed. The horses were then placed in a semicircle around the tomb and the youths mounted on the horses, being held in place by a stake which passed through the body of the horse and into the ground and through the anus of the youth up to the top of his skull for good posture....'"*

William S. Burroughs, in *Cities of the Red Night*

Arn sat patiently on his horse, unaware that a young Christ was far away studying the writings of an obscure sect, the Essenes, at their mountain monastery. Arn couldn't have cared less. He was a Scythian warrior, an expert horseman and archer. Feared because of their ruthless slash and burn tactics, the Royal Scyths occupied what is now southern Russia, penetrating as far west as Hungary and north to Pomerania. They were nomads with elaborate trade routes, through even the Greek

There were other animal designs too, by now covering most of both arms, even his lower legs. Only Chieftains or great warriors were decorated like this, so Arn was very aware of his special position of importance within the tribe.

As he admired himself, he fondled his right nipple, around which was depicted a proud and fantastic cat. He looked down to see a great fish swimming up his foreleg. He loved these rare moments alone with his creatures, lying back on his

settlements on the Black Sea's northern shores. Possessing great technical skills with metals, their jewelry was profusely decorated, the majority with animal designs. They worshipped the elements, the Great Goddess, and above all, the graves of their ancestors.

On this day, Arn was admiring himself, proud of the freshly healed design of a mountain ram set permanently into the skin of his right forearm. Alone with his thoughts, he turned his arm back and forth, scrutinizing the placement of the design.

horse, he gave himself over to the familiar swelling in his groin and anointed the new artwork with bursts of his seed.

Trol hummed to himself. Trol was pleased. Winter in the Eastern Altai mountains was a cold sonofabitch, and the little hut where he and his young apprentice had wintered had begun to feel more like a cage, and he was tired of eating dried smoked fish and other such stuff that could be stored away against the wall. Thankfully the apprentice was a warm and loving

young man who was quite able to keep Trol warm in the furs through the long winter nights. Idly he scratched his balls with one hand, his head with the other, checking for lice. He liked the way they cracked between his incisors.

During the winter, Trol and the apprentice had patiently scraped soot from the bottoms of clay cooking pots, putting it into small clay pots and sealing them with rabbit bladders and beeswax. In the previous Fall, they had carefully selected the darkest oak galls, and taken scrapings from an outcropping of almost pure iron ore that was so oxidized over time that it chipped off in little flakes like rust. These had been ground together, boiled into a syrup and poured into little clay jars. This last element was Trol's secret formula, because he knew that a little of this syrup added to the soot made for the blackest possible pigment, and that it wouldn't turn bluish in the skin. He knew lots of things like this. It was even whispered that he was on speaking terms with the staghorn beetle-god of the ancient oak groves, now called Lucanus Cervus.

Today they would be leaving their winter quarters, moving down the mountain to Arn's camp, the first of several such stops. In the early light they stripped down and hurried to the pond for their first bath of spring. Knowing that his apprentice didn't relish this idea, Trol suddenly pushed him into the icy water and jumped in after him. Hurriedly, they bathed each other. Laughing and splashing, they scampered back to the hut to get warm. Trol watched the fuzzy little buns of his apprentice bob before him back to the hut, and decided that they didn't have to get quite such an early start after all.

As they approached Arn's camp, Trol's nose registered the familiar scents of horse shit, wood fires, and fur pelts being softened by rubbing them with animal brains. The smell of roasting meat teased his nostrils, and his mouth watered at the idea of the pot of new honey that he knew was waiting for him. He was told that Arn was expected to return the next day from a raiding foray, so he

put the apprentice to work setting up a bough-covered lean-to near the stream while he gossiped, entertained curious wide eyed brats, and appreciatively eyed Arn's oldest son who was nakedly practicing sword maneuvers against a straw mannequin foe. Trol noticed the boy's thickening pubic patch and the way his cock flopped back and forth in an intriguing counterpoint to the boys' body motions. One day he would be a fine canvas, but Trol knew it would be a job for his apprentice. Trol was now in his early forties....practically a patriarch in this society.

Arns' return with the raiding

party was exuberant. A successful raid was always an excuse to celebrate with a feast and a good drink. Plus, Arn was looking forward to adding another creature to his body. It was agreed that this would commence as soon as everyone was clear-headed again.

Early on the appointed morning, Trol and the apprentice sat in meditation in a small clearing near the camp. They had made prayers and sung hymns to the Great God-

dess. Before the dew left the grasses they returned to the lean-to and ate a modest breakfast. Then Trol began the preparations. Amat was laid out for Arn to lie upon, and Troll carefully unrolled a piece of leather with pockets, removing a couple of the small clay jars, a small silver

bowl decorated with enamels, a pestle made of bone, and an assortment of short rods wound and decorated with various colors of thread. At one end of each rod, attached with

deer sinew that had been chewed until it separated in to thin threads were small pieces of bird bone, which had been filed into needle like serrations. There were thin ones and wider ones. In the bowl Trol put a quantity of soot, a little of the thick black syrup, and a little rendered animal fat. Then he stirred this together until he was satisfied with the consistency.

Arn arrived, accompanied by his eldest son. Quietly the four removed their clothes, and Arn stood before Trol. This was to be a cat. Using his thumb and a dab of the soot, Trol plotted this out in short streaks. The tail edged up the spine side of Arn's left shoulder blade, then turned back in a large segmented spiral. The body arched under Arn's arm, crossing the *Latissimus dorsi* and *Serratus anterior*, cunningly reflecting Arn's musculature. The cat's image then swept upward onto Arn's left pectoral so that its head terminated the design at the sternum. The placement was carefully calculated so that when Arn raised his arm during battle, the enemy would be confronted by this powerful image—the momentary surprise sufficient for Arn to complete a deadly stroke.

While Arn lay on his stomach, Trol was on his knees, straddling him, the tools and pigment within easy reach. The apprentice squatted facing Trol between Arn's head and the equipment so that he could stretch Arn's skin and wipe away excess ink and blood. This was the first time Arn's son was allowed to participate, and his job was to provide drinking water for the others and to keep the flies away.

Trol chose a rod with a narrow tip for placing the fine outline. He grasped it so that its back end was placed against the heel of his hand and the shaft held securely between his forefinger and thumb, which functioned like a pointer. With his other thumb and first two fingers, he stretched Arn's skin extra tight. Dipping the rod in to the ink, he then

rested it against the stretching thumb and began jabbing it in short quick strokes, driving the pigment in to Arn's skin at about the speed of a slow sewing machine. Trol's arm and shoulder were strong from years of overcoming the skin's natural springiness, not unlike a small trampoline. As he established his work rhythm, his balls swung with the hypnotic regularity of a clock pendulum, lightly grazing Arn's flesh.

Arn closed his eyes and clenched his teeth. This was no game of knuckles, and Arn would not allow himself to cry out. Instead he concentrated on letting his mind float away above the pain. Soon, he would be numb—his body's

natural opiates taking over, sending mandalas of color through his brain. Alternating his tools, Trol completed one area before moving on to the next because he knew that lingering in one area created needless trauma, making healing more difficult. As he worked he was aware of the odor of Arn's blood. Through years of experience he could tell a lot about a person's

diet and health just from the smell of his blood.

His back completed, Arn rolled to his side and put his arm over his head. This part of the body is one of the most sensitive areas, the ribs, and not even Arn could keep from hissing. Sweat ran freely from his face and under his arm, mingling its odor with that of his blood. Trol had wisely kept this part of the design to a minimum, so it wasn't long before Arn could roll on his back for the final stretch. As the work began to move across his pec, the pain was less intense, and Arn could relax a bit. The stretching around his tit, the mingling body odors, the almost subliminal but pervasive sensuality of the process itself, and the relaxation... Arn's cock responded,

pointed blatantly towards the heavens. Trol was aware of this, but continued to concentrate. He was accustomed to this kind of response, so wasn't surprised when Arn suddenly gasped. The two youths stared in fascination as Arn's cum splattered against Trol's back. Nothing needed saying, and a short time later Trol pronounced the piece finished.

While the apprentice finished cleaning the artwork and applying a smelly ointment, Trol stretched his now numb legs and admired his handiwork. He knew that Arn would rest for a while. And, that evening there would be an honorary feast. Arn was always generous at these, lavishing Trol with gifts of jewelry, furs, smoked meats and the treasured pots of honey. He surprised Trol this time, and included a wolf-hound puppy. It would be good protection for a couple of travelers. Trol named him Reks.

There is no evidence of the place in the Scythian society of a tattoo master such as Trol, but his work reflects the cultural attainments of these people, and he must have been greatly respected.

The Royal Scthy's possessed a

distinctive style...fantastic images found also on many metal, wood and cloth items from the region. I've speculated about his tools, actually describing something more akin to Japanese hand tattooing. It is not inconceivable that actual needles may have been used. The Scythians had far-flung links with China, Persia, and the Black Sea, and the Egyptian dynasties had already been using gold and silver

needles long before. Much simpler tattooing has been found on Peruvian and Egyptian mummies, but

with grasses. Because of the stone cairns built above the burial mounds, permanent ice developed and the deep freeze effect preserved intact and undisclored, items such as wood, leather, felt and textiles. Little did he know that over 2000 years later, his body would bear mute, but eloquent testimony to the artistic magnificence of ancient tattooing. Arn probably couldn't have cared less, though.

Arn's are the most spectacular examples of this ancient art.

Arn actually did exist. His body was discovered in 1947 at Pazyryk in the eastern Altai region of Siberia. He had been embalmed and stuffed

## Concrete Mama: Pressure-cooker Motherhouse of Modern Non-Technological Tattooing

Men in prison. The subject fascinates. And one of the most interesting thoughts about convicts serving time is the question of *how* they manage to get tattooed behind bars. After all, a modern tattoo artist (like Mad Dog, for example) uses sterile techniques, careful cleaning and autoclaving, and for that matter *electric tools*. How can these things be done in prison where the supplies and tools would be considered contraband and the very act of tattooing is against the rules (if not frankly illegal).

The question of how they do it is hardly touched on in *Concrete Mama: Prison Profiles From Walla Walla*. But the book—photographs by Ethan Hoffman and text by John McCoy—gives plenty of evidence that tattoos are created under primitive conditions in prison.

Gay readers will also be intrigued by some of the "buddy" imagery as well.

While *Concrete Mama* seems to be out of print just now, it is well worth haunting used bookstores (or wherever!) to find a copy. The facts you'll need to get book searchers on the job are these: The book was published in 1981 by the University of Missouri Press in hardcover. Its Library of Congress Catalog Card Number is 81-4482, and its ISBN is 0-8262-0340-X.

All photos on this page are by Ethan Hoffman, from *Concrete Mama*.

The Golden State

Most people live their lives in varying stages of invisibility, by the sun they're shadows, by the moon they're ghosts. They blend into different stereotypes and become part of a greater whole in which they find comfort, sanctuary, and rules to live by.

Then there are people, a few, like J.D. Slater who are cut from a different cloth. He has lived his life not only marching to the beat of a different drummer, but as often as not setting his own cadence. He has been described as a renegade, a revolutionary, a charismatic personality, and a dangerous influence.

When you lead a life with as high a profile as Slater you open yourself up to both applause and cheap shots. To last as long as he has, he's had to develop a suit of phantom armor. In this interview for *Drummer* he sheds his armaments, and lets us meet the real man.

*Clay:* So, J.D., how does it feel to be a living legend?

*J.D.:* I hate that fucking question. I know it is meant as a compliment, but everytime I hear or read the term "legend" in connection with my name I expect someone to come up from behind me and nail a brass historical monument plaque to my butt.

*Clay:* So how would you describe yourself?

*J.D.:* The answer would vary dramatically depending upon which period of my life you were speaking about.

*Clay:* So lets start from the beginning.

*J.D.:* OK, let me establish from the beginning that I am Irish Catholic raised between New York and County Meath Ireland. I was educated in Catholic schools and was raised from an early age to be a priest. That decision however was made by my alcoholic father and sexually repressed mother. All in all, it was an incredibly dysfunctional family.

I believe I started to come to grips with who I was in '67 when I first heard the Doors. After that point, I knew there were alternate realities to be explored. Unfor-

tunately my parents didn't see the cultural and sexual revolutions of the '60's and '70's in the same light I did. As soon as I was out of grammar school, I was shoved into a seminary boarding school in upstate New York. This was where I had my first sexual experience with men.

*CLAY:* Would you care to go into that?

*J.D.:* Sure, I didn't want to be in that school, so I did my best to get thrown

out. One day my personal counsellor, a Deacon R., came in and pulled me out of my last period class and brought me into his office. I thought it was to discuss my being a disciplinary problem.

Well we walked into his office and he told me to get on my knees and fold my hands. I thought he wanted me to pray for forgiveness. In a way I was right. He pulled a long leather strap out of his pocket and tied my hands together, then tied the strap to the radiator. Then he ripped open the back of my jacket and shirt and started to beat me with a large set of rosary beads.

After about 30 minutes of that he spun me around to face him, pulled open my pants, pulled out my dick and balls, wrapped them tightly with the rosary then jerked me off. Then he jerked himself off onto my nuts. When he was done he untied me and offered me a cigarette. In retrospect, it was a hot scene but at the time it was a bit confusing.

I finally did get thrown out of that school but not until I had made my way through a third of the teaching staff.

*CLAY:* Were the rest of your teens like that?

*J.D.:* No, I graduated high school early and left home at 16 to go to college in California.

*CLAY:* When did you come out?

*J.D.:* When I was 20, by that stage I was back in New York.

*CLAY:* How long after that did you start your career in erotica?

J.D.: About 15 minutes.

CLAY: No, seriously, about how long?

J.D.: I am serious, I got involved with the business as soon as I came out. I didn't plan it that way but that's how it happened.

CLAY: Didn't that make coming out difficult?

J.D.: Not difficult... different. Where as most men have a sort of grace period to orientate themselves to the culture when they come out, I had to do it on the spot, and generally in front of a camera.

CLAY: Well you seem to have survived it. You always had a different look from everyone else. How much of it was planned and how much was real?

J.D.: What you saw was what you got. I didn't have time in the beginning to learn the rules so I made up my own. Before I knew it I was in every gay magazine and adult bookstore in the country.

As I got older the look matured and took on new aspects. It just reflected my real (or unreal) life. There really was no way of planning a lot of it. I didn't plan on going bald but when it happened I just went with it. The same is true for the rest of the look.

CLAY: So what we were seeing was just your normal existence?

J.D.: I would hardly call it **normal**. No, my life was a cross between a David Mamet play and a Jackie Collins novel somewhere in the late '70s. It wasn't until recently that it started to mellow out.

CLAY: Well you always were a rebel.

J.D.: I guess so, but being a rebel had a very high cost.

CLAY: Such as?

J.D.: I became a prisoner in my own rebellion. I spent so much time and energy on trashing the status quo that I had little of either left for myself. I became a figurehead for all the darker sides of sexuality. We don't like to admit it but that darker side is in all of us and when you have someone like me voicing it and making it available to the general consciousness it is always a big draw.

I became famous for saying and doing all the things that my audience couldn't or wouldn't. Fame like that becomes all consuming, you keep searching for new heights and depths to explore until you find yourself alone out on the edge of the abyss with a crowd in the background cheering you on to go one step farther. It's what burnt out Chris Rage and killed Fred Halsted, and it came very close to doing me in.

CLAY: So what kept you from going over

the edge?

J.D.: They have a phrase for it in Italian, *La forza del destino*.

CLAY: Which means?

J.D.: The force of destiny. A number of near disastrous occurrences played together to yank my butt out of the fire.

CLAY: This sounds interesting, would you care to expound on that?

J.D.: Well it was almost biblical in proportion, and to tell you the truth I am very surprised to be around to talk about it.

Photos courtesy of Izzat.

First, there was the highly publicized problem I had with the British legal authorities over my film *Guilty*.

CLAY: What was the whole story with that? I know after it, you shut down your business, announced your retirement and, until now, completely disappeared.

J.D.: A gentleman in England was arrested and sentenced to six months in jail for simply owning a copy of *Guilty*. The

publicly from the business. I was forced to stop all domestic sales and production because even filling orders here might land me in jail.

It was like being sucker punched from both sides. I was very depressed over the guy in England. I still have the letter he wrote me to order the film. I believe he was a school teacher. He lost his job and everything he had. Then suddenly I was in the same position

facing a much longer jail sentence. It all seemed unreal that this could be happening in the enlightened 90s.

**CLAY:** What do you think this indicates as far as societal trends go?

**J.D.:** This country has always been split between conservatism and progressive thought, but there is a religious funda-

mentalism returning to this country which is pretty frightening and, people like me are going to be in bonfires. It is possible that this will be the paranoia of the 90s. It won't be red scare, it will be censorship scare.

**CLAY:** So what happened to *Guilty*?

**J.D.:** Desmodus has it now, and they are

waiting till the climate is right for releasing it. It's a very good film, probably my best, I hope it sees the light of day soon. Shortly after I closed the company and retired I started feeling ill. At first I thought it was just depression, which in part it was. I began to get very sluggish and had trouble functioning on any level. I ended up in the hospital where I was diagnosed with testicular cancer, after about 6 weeks of treatment that went nowhere, they operated and removed my right ball.

**CLAY:** Don't you find it a bit ironic that you should contract that particular disease?

**J.D.:** FUCK YOU!

**CLAY:** Only kidding.

**J.D.:** Well I told you it was biblical in proportion, and I've already heard all the jokes.

**CLAY:** Then let's just keep rolling along.

**J.D.:** Keep it up buster and I'll hit you so hard your parents will die.

**CLAY:** Sorry. So how long did it take you to get back on your feet?

**J.D.:** I developed complications after the surgery, and it was about 5 months till I could function on a normal level. During that period I had a lot of time to think and reassess my approach to life and my work.

**CLAY:** How so?

**J.D.:** For the years leading up to this point I had drawn my energy out of the chaos that surrounded me, be that drugs or personal drama. That is a very exhausting way to go, you constantly have to feed into it and you get very little in return. Strangely my work thrived on it, Films like *Motorsexual* and *Mud* were pure reflections of that period, but personally I was losing touch with the real world. As time went on I became more and more cynical. I thought I was angry at the world when in actuality I was just angry at myself.

**CLAY:** For what?

**J.D.:** I had gone from image to caricature. I was like a juggernaut rolling over everything positive I could be accomplishing and, being Catholic, I spent a lot of time beating myself up over it.

**CLAY:** It wasn't all that bad was it?

**J.D.:** I made a lot of suicidal choices, but there is a value in that energy and attack on living that can serve as a cautionary example. In a strange way I was very disciplined, I have lived a multitude of lifetimes in a very short period. I have a great passion for life. I like to believe that in the last year I have become willing to change and face the fears that created my addictions, real and imagined. That

and I have dropped the Irish-artist-as-martyr/lets-get-Dionysian mode, it just doesn't work for me anymore.

**CLAY:** So what does?

**J.D.:** I am more at peace with myself. Although it sounds like I'm complaining there isn't one moment of my life I would change. If I did I wouldn't be where I am now.

I am getting back into my work but this time the subject matter is much different. At present I am trying to put together a couple of public service documentaries.

**CLAY:** How did the death of Christopher Rage affect you?

**J.D.:** Rage and I were very close. He was a brilliant man but ultimately a very unhappy one. He settled too easily for what life had handed him, and it wasn't until the last year of his life that he realized his potential was so much greater. I don't want to go out the same way.

**CLAY:** People, especially the critics, always compare you to him. How do you feel about that?

**J.D.:** Neither Chris or myself were very comfortable with that. At first, when I started directing, I was always cited as his protege. Now Chris helped get me started as a director, but our work was completely different in both form and content. Later they just always lumped us into the same category but my films sold better and I don't think that sat well with him. Still, he was always very supportive. My work was always my own. It didn't look like anyone else's, and it didn't follow the same rules as anyone else's. I would prefer it be judged that way.

**CLAY:** And how would you like people to judge you?

**J.D.:** I would rather they didn't, but since that doesn't seem to be an option, I would hope they'd do it on a personal basis as opposed to the hype surrounding me. Depending on what you read, I could be an egocentric madman, a misunderstood genius, a would be antichrist, or a victim of American society. I guess there are shreds of truth in all of that but, actually, I am just a man doing the best that I can at the time, otherwise I would be doing better.

**CLAY:** Is there anything you would like to say in closing?

**J.D.:** A "thank you" to the gay community, especially the leather community for their support over the years, and "thanks" to my friends for putting up with an eccentric Irishman with just a tad too much testosterone and a slight attitude. ♦

# HOT TIMES IN THE OLD TOWN

Just a few glimpses of what happens when you give all the regional Mr. Drummers and all the Drummerboys a few hours away from rehearsals for the Mr. Drummer Finals during Leather week in San Francisco. Obviously, titleholders can also be party animals!

Photography was not an easy art with this kind of action going on all around, but *Drummer's* heroic photographers resisted temptation, and got us some great shots. The photographs in this spread are by Ed Tomsic, top pictures on this and the facing page, Jim Wigler, all other pictures on these and the following two pages, and Satyr (whose photos were taken at another time), the pictures of Woody Bebout, pages 46 & 47.

Woody

What is the role of the titleholder in the leather/SM/fetish community? As the new Mr. Drummer for 1991-92, I have heard titleholders variously described in not-so-complimentary terms as "nobility," and more provocatively as "bottoms to the community." As an iconoclastic midwesterner from St. Louis in the Show Me State of Missouri, I do not have patrician leanings—besides, my hair is too short to hold up a crown. On the other hand, while the concept of "bottom to the community" arouses some prurient interest, most titleholders are hardly expected to be servile—at least in public! Personally, I prefer to think of myself as a catalyst. A catalyst causes others to react with one another and creates a new reality without being destroyed or consumed in the process.

By profession, I am a lawyer, and in recent years have attempted to use my skills to assist people with HIV and community organizations. For the past year I have served as President of St. Louis Effort For AIDS. I am also the recording secretary for the St. Louis Chapter of the National Leather Association and a member of the St. Louis Lesbian and Gay Pride Celebration Committee, the ACLU, the St. Louis Ryan White CARE Act Consortium, and the advisory committee of the Episcopal Church and the Episcopal Diocese of Missouri Task Force on AIDS.

My experiences have taught me that change is a necessary component of growth. Our leather/SM/fetish community is currently undergoing tremendous change as its borders expand to encompass increasingly larger numbers of women, the deaf, people of color, the young, and persons running the entire pansexual gamut of the Kinsey scale. Unfortunately, our society is also changing, although in less positive ways. With the triumph of

Beban

the Reagan Revolution in capturing the Supreme Court and the federal judiciary, we face an unprecedented threat to many of the rights and freedoms which we have for too long taken for granted. In *Bowers v. Hardwick*, the Court ruled that consenting adults have no constitutional protection against State intrusion into their private sexual conduct which the State finds offensive. The inevitable reversal of *Roe v. Wade* will further curtail, if not completely eliminate, whatever is left of any federal constitutional right to privacy.

These fundamental changes in our community and our society demand a unified, proactive response if we are to survive. We can ill afford at this critical time the luxury of disunity, personal politics, and infighting which too often characterize our leather/SM/fetish community. Our opposition is well organized, well financed, and utterly committed to our destruction. If you do not think it can happen, take a long, hard look at events in Great Britain. We desperately need each other, even those people you might now find very threatening or with whom you disagree. You might be surprised to find how much you will come to respect and love these people.

Finally, AIDS continues to ravage our community. Recent studies indicate that younger men in our community are continuing to engage in high risk sexual behavior. We have lost many of the best and brightest of one generation; we must not lose another! As exhausted as all of us are in the fight against AIDS, we must not relax in our efforts to educate, to combat bigotry and AIDS-phobia, and to shame our government officials into giving this disease the attention and funding it deserves.

I look forward to a *full* year.

## Tom of Finland dies in Helsinki.

The cartoons of Ralf König arrive in the US. Drummedia mourns and celebrates, postponing once again the countdown of dozens of videos and books in order to bring you the media news. (I wish it were possible to promise not to keep doing this.)

The news, as released by the Tom of Finland Foundation: Tom of Finland,

unpublishable everywhere in the world to receiving worldwide recognition. In recent years, Tom of Finland drawings have been collected by such celebrities as Andy Warhol, Keith Haring, and Robert Mapplethorpe. They have been auctioned at Christies, exhibited at the Whitney Museum in New York, and favorably reviewed in serious art periodicals. The Cartoonists' Society of his home country elected him Cartoonist of the Year in February 1991. The Finnish Film Board financed an hour-long documentary which was screened to audience and critical acclaim. It will be shown there on

popular muscle magazine *Physique Pictorial*, wanted to print drawings sent to him from Helsinki. The artist did not want his name used even 8,000 miles away, but Mizer figured that the artist's real name—Touko Laaksonen—would not play well with Americans anyway. Since Touko was already signing his work 'Tom,' when the Spring 1957 issue of *Physique Pictorial* appeared, the laughing lumberjack on the cover was credited to 'Tom of Finland,' and the rest is gay history.

The man Tom of Finland was born on May 6, 1920, in a semi-rural suburb of Turku, the ancient capital of Finland. He was already drawing comic strips by the age of four. After high school, he moved to Helsinki to study art, but World War II intervened, and he spent five years in the uniform of a Finnish Army lieutenant. After the war, Tom supported himself by playing piano in restaurants and clubs at night and doing freelance advertising and window display by day. In spite of the unprecedented popularity of his erotic artwork, it would be 1973 before Tom was able to concentrate fully on what he always called his 'dirty drawings,' but once he did, Tom combined a near-photorealistic attention to detail with the wildest sexual fantasies to produce a body of work that, for sheer homoeroticism, will probably never be surpassed.

Tom created literally thousands of 'Tom's Men,' phenomenally muscular and masculine cops, sailors, motorcycle men, and loggers who play against every homosexual stereotype. Although his leather men are the epitome of rough and rugged, they are never dangerous. With all his passion for the heaviest of sexual imagery, Tom strove to present positive role models in his art. In the last ten years, he added condoms and safe sex admonitions to his work. "I am not ashamed that I draw men having sex. I work hard to make sure they are proud men having happy sex!"

In 1986, Tom and his business partner Durk Dehner formed the non-profit Tom of Finland Foundation because many of Tom's drawings had been destroyed by neglect and bigotry. The eventual goal is to have a museum of erotic art as a safe home for Tom and similar artists, gay and otherwise. The Foundation and its members will continue to work toward that end. Anyone wishing to make a memorial gift contributing to such a museum may send it to the Tom of Finland Foundation, P O Box 26658, Los Angeles, CA 90026, USA, or call (213) 250-1685.

the best known homoerotic artist of the Twentieth Century, died of emphysema-induced stroke in Helsinki on November 7, 1991.

In the course of his career, Tom saw his artwork go from being

nationwide television early in 1992. A biography from the largest publishing house in Finland will be printed in January 1992, with probably German and English editions to follow.

The name 'Tom of Finland' was born in 1957 when Bob Mizer, publisher of the

The press release about Tom ends there, but *Drummer*, Drummedia, and I (JWB) can't leave it there. Still reeling from the loss of Domino and Etienne, we have been pushed to make an important decision about obituaries and about artists: Having resisted obituary notices and features, we will now report on the deaths of *Drummer* contributors and Drummers. And, we will now start a concerted effort to celebrate and display folios of the great leather artists and illustrators—living and dead—who have done and are doing so much to enrich our erotic lives and to entertain us.

Look for our feature on Etienne in the next issue of *Drummer* with others to follow soon.

#### CARTOONS TRANSLATED

If you've been looking at European magazines in recent years, you've very likely been dashing to your Langenscheidt's German-English dictionary, attempting to translate the captions of cartoons by Ralf König—Germany's stargay cartoonist. Relax! Two books of König in English are on the way from Catalan Communications.

The books have been a bit delayed in reaching bookstores. So, if you had already heard they were in the works, rest

Ralf König's "Homage to Tom of Finland" will appear in *Cream Puffs*, the second of two books of König cartoons slated for publication by Catalan Communications. (Ralf König © 1991, Catalan Communications & Carlsen Verlag)

## ELASTRATOR/THE ULTIMATE IN TIT PLAY

SSCo special purchase, originally used by livestock breeders to castrate animals. Use the specially designed pliers to place the rings on the nipples. As the rubber rings squeeze, the nipples enlarge (the same way a cocking increases erection) greatly increasing the sensation for the wearer. Once the rings are removed, the blood rushes back into the nipples—that is the time to work them. Set includes Elastrator, special scissors for safe removal and 100 rings.

assured that they are now very near to being released. Ads for the books and full-fledged reviews of them will appear in *Drummer* soon. Meantime, we offer you one no-caption-required sample of Koenig's wit (on the previous page).

This "Homage to Tom of Finland" first appeared in Germany in 1988. So, while it was already selected before Tom's final illness was known, it seems entirely appropriate just now. Additional König cartoons will appear in the next several issues of *Drummer*.

#### CUMMING DISTRACTIONS

Some of the things we are trying to get into Drummedia just *have* to be mentioned... reviews to follow: Sam Steward has a new book, a marvelous conversation between himself and Phil Andros called *Understanding the Male Hustler*. Don't miss it! Drummer and Zeus have co-produced a new USSM video, the fourth in the series. See the inside back cover for details. Falcon Studios have made a leather video that even the most demanding leatherman will enjoy. This tape, called *The Abduction*, is a complete surprise... and it's highly recommended.

And those are just the edges of the tips of the mountains of good things coming *soon* in Drummedia. ♦

## DRUMMER CLASSIFIEDS

### HOW TO PLACE YOUR AD IN DEAR SIR:

We accept ads, and changes to ads, only in writing. Sorry, we cannot do this over the phone. Submit ads on the form on the facing page or a copy of it. If you can't bear to cut up your issue of *Drummer*, and can't make photocopies, send us a note and we'll mail you copies of the form.

**Box Numbers:** \$5.00 buys you a *Drummer* mail box for the life of your ad. Even after your ad expires, we will continue to forward replies forever—as long as we keep getting letters. (So, keep us posted if you move.)

Give us a name. We cannot forward mail to someone named "Boxholder" at a P. O. Box.

**Phone Numbers:** You can put your phone number in your ad for immediate response. **WE WILL ONLY PUBLISH VERIFIED PHONE NUMBERS.** Here's how to put your phone number in your ad:

Mail in your ad. (Don't forget to include the \$2.00 phone verification charge.) About two weeks after you mail the ad to us, you call us at (415) 252-1195, during business hours (9:00 am to 5:00 pm Pacific Time, Mon.-Fri.) Be at the phone number you are placing in your ad. We will call you back to verify the number. If we have not verified your number within three months, we will publish the ad with a box number instead of a phone number.

You only need to verify a phone number once. Once it has appeared in *Drummer*, just attach a copy of the printed ad to your new ad if you wish to use that telephone number again. We will not publish voice-mail service numbers in personal ads. Don't forget to include your area code.

**What else?** Put anything you want in your ad, *except* references to minors, animals, prostitution, or drugs.

Expect about a 60-day delay from the time we receive your ad to when it appears in print. Remember, it takes time for people to respond, too. So, for example, if you're looking for Christmas presents, it would be smart to send us the ad 90 to 120 days before Christmas. Also remember replies by international mail may take longer than domestic mail.

### HOW TO REPLY TO A DEAR SIR AD:

How to reply to a *Drummer* box number: Answering a *Drummer* box number is easy, but the few rules we have are hard and fast, so observe them *or else*. 1) Seal your letter in an envelope on which you have written the box number on the back flap in pencil. 2) Put your return address on the envelope if you wish the letter returned to you should there be some problem with delivery. 3) Put proper postage on the envelope: domestic postage is 29 cents for the first ounce, and 23 cents for each additional ounce. Letters going to Canada and Mexico cost 40 cents for the first ounce, 23 cents for each additional ounce. Foreign overseas postage is 50 cents for the first half-ounce, 45 cents for the second half-ounce, and 39 cents for each additional half-ounce. 4) Put the sealed letter(s) and a buck (\$1) forwarding fee for each letter in another envelope, and mail it to: DESMODUS, INC., P. O. Box 410390, San Francisco, CA 94141-0390. Letters not properly prepared will be destroyed.

Desmodus will forward responses to ads in back issues. However, we cannot guarantee that old addresses will still be valid. Remember, the US Postal Service will not return undelivered mail without your return address. Keep in mind that people do move and their needs and desires do change.

## JOIN THE LEATHER FRATERNITY

Membership has its privileges: a 12-issue subscription to *Drummer* and a free 10-line classified ad (as measured on the grid order form) in *Drummer* that runs for 12 issues. Leather Fraternity members also do not pay for a box number or pay forwarding fees when they write to Dear Sir box numbers. Members may change their ads up to three times (non-members may not). A Leather Fraternity box number for your ad is included in the \$120 membership fee. And, from time to time, Leather Fraternity members are offered other benefits.

Add it up: A *Drummer* subscription costs \$70. A 10-line personal ad running 12 times would cost \$354. No mail forwarding fee? No box fee? So, even if you never use the forwarding service, you're already saving at least \$328.00 by joining the Leather Fraternity. Do it.

Just use the grid order form on the facing page. Your subscription will begin with the next issue we ship, and your ad will begin usually two issues after that (there is always a 60-day delay from the time we receive your ad, or a change to an ad, and when it appears in print).

## MAN AND STEEL

\$55.00

A technically excellent homemade video previously available only to BALL CLUB members, MAN AND STEEL is too kinky not to share!

*The MAN:* A tall, hairy chested, hairy assed, 30-ish stud. He has a large veined, cut cock that throbs on command and loose, tough balls that are a productive sperm factory.

*The STEEL:* Rods, threaded bolts, screw eyes, safety pins, spoon handles and other apparatus that our hero inserts in his pisshole and the heavy equipment that assists his machinations on a construction site.

*The VIDEO:* 111 minutes of mostly solo J/O with some screen filling closeups that'll make you salivate. Not for the squeamish, there are scenes of blood oozing from his cock, sometimes mixed with gooey globs of cum, balls punched, slapped and pounded with a mallet, a PA being created and a wonderful shot as the man settles his ass on the control lever of a tractor. The soundtrack is minimal but real, just the natural sound of friction on his cock, blows to the balls and heavy breathing. VHS only.

The price includes shipping to any address in the United States. Please add \$5.00 for shipment to Canada or \$10.00 elsewhere. No responsibility is assumed in the event of customs seizure. Cash, check or money order in US funds.

# Anal Pleasure & Health

SECOND EDITION

**Jack Morin, Ph.D.**

In these days of doubt and fear it is always a pleasure to find a book that gives positive, sound, research-based information on anal sexuality while dispelling the myths. It is commonly believed that people who regularly enjoy sensual erotic anal stimulation inevitably run a greater risk of developing medical problems. The belief is that one must choose—either anal pleasure or anal health. For many, the strength of this conviction has been intensified even further by the AIDS crisis.

In *Anal Pleasure & Health*, the reader will discover that there is no inherent conflict between anal pleasure and anal health. On the contrary, a person who wishes to expand his/her capacity for enjoying anal stimulation is advised to take virtually the same steps as the person who desires optimum anal health.

Dr. Morin covers such forbidden topics as anal self-exploration, locating and exercising anal and pelvic muscles, stress and tension release through anal stimulation, proper douching and lubrication techniques, physiological aspects of "fisting," confronting the taboos concerning feces, homophobia and masculine/feminine roles, oral-anal stimulation (rimming) and even suggestions on finding a sympathetic physician.

Now in its second edition, *Anal Pleasure & Health* contains full research data, bibliography, and an entirely new section on common medical problems of the anus and rectum, which includes a comprehensive discourse on AIDS and coping with the crisis.

ANOTHER HOT DRUMMER/ZEUS SM VIDEO

# USSM/FOUR

Each September for the past three years, on the occasion of the Mr. Drummer Finals, Drummer/Zeus Co-Productions has filmed a USSM video for leathersmen who insist on their SM *real!* Well, Gentlemen, another year has gone by and USSM/FOUR is ready for you. Filmed in-dungeon and outdoors, USSM/FOUR stars the most famous SM couple in the US today: Whip Master Fred Katz and his lover Henry Romanowski. Heating up USSM/FOUR's chemistry is the newest internationally famous SM couple: Mr. Drummer 90-91, Clive Platman, and Drummerboy of the Year, John Siracusa. And, if you can stand even more heat, USSM/FOUR also stars the 91 Los Angeles Drummerboy, John Hare, who blew your fuses in *Tightropes XXI* and *Punishment II*. Plus, just to enrich the dungeon decor, we tied up Australia's Drummerboy 91 and his mate. The outdoor whipping scenes were filmed on a remote, wooded mountain top in No. California where Henry's succulent body-beautiful gets tied down to a St. Andrews cross by Hare and Siracusa for a whipping by Katz. Clive Platman can't resist the temptation (Who could?), and goes to work on Henry's muscular whip-scarred back. Mr. Katz shows up unexpectedly, and angrily whips Clive as Clive whips Henry. And, since everyone loves a happy ending, everybody gets whipped in the end. Indoors, Siracusa and Hare get strung up, and suffer heavy-duty C&B torture at the sadistically skilled hands of Tony (Fledermaus) DeBlase. And, if you're into vocals, you'll particularly enjoy the harmony of agony as the two John-boys scream out their appreciation. Then, as punishment for whipping Henry without permission, Clive's broad take-it-again back becomes Mr. Katz's target for a stinging variety of whips and whip action as the gagged and bound Drummerboys watch and wish. Shot on location by Zeus Studios' Mikal Bales, and produced by *Drummer* magazine's Tony DeBlase, USSM/FOUR is not only the latest, but the hottest of the series.
